Monthly Budget

Use this chart to track your monthly income and expenses

Income	Monthly Amount
Example: Work Study	$200.00
Total Income:	

Income examples: Work study, off-campus jobs, allowances

Expenses	Monthly Amount
Example: Rent	$450.00
Total Expenses:	

Expense examples: clothing, restaurants, prescriptions/medical expenses, car repairs, electricity, water, gas, pet supplies, memberships, etc.

Income Minus Expenses	

If your income is greater than your expenses, what will you do with the excess; invest, save for a rainy day?

If your expenses are greater than your income, you may be living above your means. Are there expenses you can reduce or eliminate?
