Staff Spotlight

Julia Geller

Student Director

My name is Julia Geller and I am the student director for the IWL this year. I'm a Junior communications major with a double minor in Sociology and Gender Studies. I love working for the IWL because of the passion that the staff have for women's and gender issues. Each of the IWL staff work so hard to provide amazing events and programs that highlight intersectional approaches to social problems. I can't believe how fast this semester is flying, so be sure to check out some of our awesome upcoming events!
