

Sample First Semester Schedules For Undeclared (Undecided) Students

The following schedules are suggested options for students who have not decided on a major. It is possible to tailor the second and third courses in each example to fit your interests. Academic Advisors will create your first-semester schedule based on the areas in which you express interest on your Registration Form.

Full-time enrollment is 12-18 credits per semester. Students typically take four 4-credit courses for a total of 16 credits each semester. Some majors will require an additional 1-2 credits (e.g. choral or instrumental ensembles for music).
