Old Business:

1.3 Conference Community Feedback: Members concurred feedback was positive with suggestions for next year conference to include a longer welcome, longer sessions, more political representation at the round table, hold the conference earlier in February (Note: February Landowner Conference potential scheduling conflicts), tighten up the morning schedule and hold a social hour/entertainment after the round table.

2.1.3 A financial update was provided for review by the committee.

3.1.3 There was much discussion regarding the AHI Conference for next year including goals and focus. Possible topics include conservation overlay districts and the fostering of dialogue between stakeholders. Tom Kroll will check the schedule for tentative dates in March. The discussion focused on the need to either hold a conference, or a specific workout session on the development of a conservation overlay district. Executive committee members will take the next month to brainstorm ideas. The focus of conference or workshop event will be determined at next month’s meeting.

4.1.3 It was agreed upon to concentrate on a smaller workshop with a focus on environmental/conservation overlay districts in place of a larger conference in March. This provides us with an opportunity to involve local government leaders and community members prior to workshop sessions at the individual township level.

3.1.5 Steve noted that the account in Avon Township is active. However he has not approached the Township to date regarding future plans for its use. It was suggested that legal counsel be consulted regarding the development of 501(c) 3 status, either through a voluntary transfer by Avon Township, or by starting a new 501(c) 3 account.
4.1.5 Original 501(c) 3 account was for the town hall and exploring this option is held off for the time being. AHI is still searching for legal expertise for guidance in attaining non-profit status. Tom to explore individuals who might be interested in providing help.

5.1.5 Discussion of the pursuit of tax exempt status will be tabled until early 2006. Focus of the group now is on the fall social and organizing the spring workshop. Cliff volunteered to do some research on the pro’s and con’s of attaining 501(c)3 status.

New Business August 31st, 2005

4.0 AHI needs to consider developing a logo, establishing a mailing location, and creating stationary/letterhead for letters to be sent to public officials. For letters to be sent in the near future a basic letterhead will be created with the address:

Avon Hills Initiative
Collegeville, MN 56321-3000

Cliff and the Administrative Committee may take the lead on this project.

5.0 Permission to contact the SJU student to create the AHI logo has been granted. He will be compensated from AHI’s budget upon creation of an appropriate logo for the organization. Melissa has agreed to contact the student about creating the logo.
6.0 The spring conference will become the focus of the monthly AHI meetings from now until the date of the conference, which is yet to be determined. Thoughts and discussion about the spring conference included:

1.0 The goal of the spring conference is to be informational and educational, not to produce a specific product.

2.0 The committee should meet with the townships prior to the spring conference to cover the basic information to be presented. It was also suggested to having meetings at the township level after the spring conference to continue to foster dialogue relative to the topics discussed at the conference.

3.0 Notes from the speakers should be collected to bind into a newsletter type format for the city commissioner. These packets could also be distributed to local township planning boards and made available to others interested in the content.

4.0 Allan Davison suggested a speaker who presented at two workshops over the summer in Nisswa, MN. Randall Arendt is a speaker knowledgeable about environmental overlay’s and open space zoning. Emily will look into him further and Tom will potentially contact him.
