10 Things To Do This Summer

Yes, summer is just around the corner. Hopefully you will have some fun and in case you need some ideas of things to do, here are ten top things to do this summer:

#10 Work
While not the most appealing thing to do it is perfect for some who need to save up some cash. It is a great time to get a nest egg for next semester.

#9 Go to the park
Get out of the house and play some basketball, dribble a soccer ball, or knock that ball out of the park to relieve some stress.

#8 Concerts
Go check out your favorite bands or artists.

#7 Amusement parks
Bring out your inner child.

#6 Working out
This time of year is perfect to get in shape and set new patterns.

#5 Vacation
Get away from it all! Drive out a few hundred miles and go visit a relative or something.

#4 Movies
Some of the hottest blockbusters come out around this time of year.

#3 Mall
Your friends are there. Everyone’s socializing, and having a good time.

#2 Minnesota Celebrations
Here is a short list of summer must sees: State Fair, Famous Dave’s BBQ and Blues Festival, Minneapolis Aquatennial, Stone Arch Festival of the arts, a Taste of Minnesota, Cities 97 Basilica Block Party, Minnesota Orchestra’s Sommerfest, Renaissance Festival, and the Uptown Art Fair.

#1 Swim
If you are going to be in the State of Minnesota, check out all the different beaches and lakes by you. Or check out one of the many pools in the state. I love bunker Beach! Enjoy!

Parent/Family Summer Expectations

In the mid-April newsletter to parents and family members, I included an article I found about communicating the expectations between college students and parents after you return from your first year at college. I am adding the key topics to this newsletter so you are prepared to talk to your parents about them.

Topics to discuss:
• Curfew.
Are there curfews? Discuss them thoroughly and come up with a compromise that works for everyone’s benefit.

• Summer jobs and finances.
Are you expected to contribute to school bills or your lifestyle needs? How much should be budgeted for summer fun and how much needs to be set aside for the upcoming school year?

• Household chores and family responsibility.
Are you expected to participate in family chores or assist transporting siblings?

• Communication.
What are reasonable and minimal communication expectations? Will your parents expect you to check in before you go to bed?

I recommend having this conversation before any problems arise, you can start the conversation yourself and show how much you have grown this past year.

Please don’t forget to …
