

Trinidad & Tobago Service Trip 2007  
Comments from Students and Faculty

“I really enjoyed attending the conference and I think that the students could add a lot to the conference in the future. I am looking forward to see how the planners of the 2009 Conference will integrate more student participation.”  
~ *Gretchen Enninga*

“The combination of service, learning, and recreation were a very positive experience as it was a trip that encompassed many areas true to the liberal arts tradition of CSB/SJU. The B&B stays were very enlightening onto the Trinidadian culture.”  
~ *Luke McMahon*

“I found the workshop very stimulating and extremely beneficial to helping me define more clearly our gender efforts in our curriculum. Plus, I gained wonderful insights, especially in regards to cross-cultural gender scholarship and pedagogical challenges. I was able to widen my network of colleagues who are involved in Gender Studies and have established a set of contacts that will prove, I believe, helpful in my position as Professor of Gender Ed and Development.” ~ *Ozzie Mayers, professor of gender ed and development*

“It was an amazing experience. Every day pulling up to the nursery was one of the best feelings as the kids would run to the gate to greet us. You could tell that they were excited for us to be there to play with them. I would recommend it to anyone who has a chance to go next year.” ~ *Kevin May*
