LEARNING GOALS (1-5):	**OBJECTIVES/RESPONSIBILITIES/ ACTIVITIES TO MEET GOAL:**	**MEANS OF EVALUATION:**
Course Objectives This course provides clinically-based learning opportunities to encourage application of theory and research based knowledge in clinical practice. Students will engage in experiences to enhance the development of their professional nursing role. During this internship the student will: 1. Utilize the nursing process (standards of care) to provide safe patient care. 2. Enhance prioritization, organization and time management skills in the delivery of nursing care. 3. Report assessments and collected data in a timely manner to the appropriate clinical site staff. 4. Document patient care provided accurately and completely and consistent with clinical site protocols. 5. Enhance communication skills with patients, families, coworkers, and other members of the health care team. 6. Demonstrate accountability for nursing actions consistent with professional standards. 7. Demonstrate accountability for personal and professional development.	**Responsibilities:** Accepted by an agency to work in a nurse internship or nurse extender position. 1. Adhere to clinical site policies and procedures and provide safe care. 2. Identify learning goals and strategies and communicate learning needs on an ongoing basis to the precepting RN. 3. Participate in evaluation of progress toward meeting learning goals. 4. Adhere to negotiated schedule and work agreement and communicate necessary changes according to agreed on process. 5. Acknowledge preceptor contributions to progress toward student achievement of learning goals. 6. Attend all required course related functions. 7. Complete all related course work by established due dates. 8. Communicate concerns about meeting learning goals related to internship to clinical site, coordinator or faculty. 9. Notify preceptor/mentor and faculty if any event occurs that jeopardizes student or patient safety.	1. Achievement of outcomes paper. 2. Complete all evaluations. 3. Final Best Practices Paper or Project 4. Participate in three online discussions
