

BRENDON MURN

*FOR SAINT JOHN'S SENATE
Activities and Allocations Board*

My name is Brendon Murn and I am going Pre-Med with Physics and Mathematics majors at Saint John's University. Throughout the last three years, I have served on the Activities and Allocations Board and have developed a strong understanding for how to make club funding run smoothly. There is still a ton of room for improvement with club funding, and if elected my goals are to:

- Help prevent your student activity fee of nearly \$200 from going to waste
- Construct a Student Bill of Rights in order to avoid unethical treatment of students by life safety
- Stand against harnessing any future senates
- Oppose any outrageous contracts
- Do something with that big ugly dirt patch in between Sexton and Mary Hall
