

COLIN GOODMAN

FOR SAINT JOHN'S SENATE Judicial Board

My name is Colin Goodman and I'm a First Year from Stillwater, MN, majoring in Biology and Spanish. This is my first time running for St. John's Senate and I think I can do a great job representing student's views on the Judicial Board. A few of the things I'd like to see put into practice next year includes:

- Implementing a new parking system that is simple and fair to students, reevaluating unnecessary tickets and lowering fines
- Having gallons of milk and boxes of cereal in Sexton that can be flexed or punched
- Getting a premium movie channel added to the campus cable, like there has been in the past
- Making the campus environmentally friendly and encouraging sustainability

In addition, I would also like to continue the current senate policy of:

- Keeping students up-to-date and educated with the Collegiate Readership Program
- Reaching out to St. John's students in order to see their true opinions on Senate ideas and policies
