

RE-ELECT

Jessey-Ariel NIYONGABO

to the *Saint John's Senate*

Judicial Board

My name is Jessey-Ariel NIYONGABO and I am a First Year student from Burundi. I am an Environmental Studies and Political Science double major with a minor in Economics. I served you as the Men's Issues Representative this academic year and I am here again to ask your support in our common goal of making the university a better place. My experience prior coming to Minnesota is incredible. Like my father, a representative on the International stage for Burundi, I always show a spirit of leadership wherever I am. During this year, I was an actor in the decision makings on the Senate and my experience tells me confidently that I can easily serve the Student body again. I have many goals for the Senate, among them are:

- Bring my experience and my knowledge as an International Student to the Senate
- Strive for inclusion of important issues for students among the Senate goals for 2009/2010
- Encourage student input so that they know and understand that the Senate is there for them.

If I am elected I will make sure that:

- ▶ The Senate is more involved and participates actively in modeling the Benedictine Values in support of University Development, such as Campus Ministry and the Men's Center.
- ▶ To promote the use of healthy and environmental equipment at the Refectory and Sexton Dining services.
- ▶ To raise student interest in pursuing research, community, and fellowship within the SJU student body through activities and events, etcetera.

Your support will be greatly appreciated.

God bless you all.
