

JOE GAIR

FOR SAINT JOHN'S SENATE STUDENT SERVICES BOARD

I am running for senate because in my first year at Saint John's the only time I heard about the senate was when there were votes at stake. The senate should strive to make student government present, rather than "transparent."

If the Saint John's Senate wishes to represent young men who will go on to participate in government and spread the seeds of democracy, then the senate must pursue an active relationship with the entire student body.

Goals

- Give senate campus presence
- Create buzz over relevant issues

Means

- Post controversial senate minutes in/on
 - *The Record*
 - "WOW" style leaflets in dining centers
 - Link Bus
- Include Senate info in First Year Seminar/ Orientation
- Streamline senate minutes
