

Bryan Huntington

For SAINT JOHN'S SENATE

Men's issues representative

My name is Bryan Huntington, and I'm a junior political Science major from Bloomington MN. I have had the honor of representing my student body in the past at Normandale Community College, and wish to continue being a voice for students on campus here at St. John's. My goal is to reach out to all students to make sure that student's of all backgrounds, ages, and beliefs are represented. I have great optimism for St. John's, and I believe there are many areas where we can do better, including:

- **Boost student political involvement and get more students involved in clubs and organizations**
- **Get more Johnnies involved with men's leadership and service.**
- **Strive to use student's funds in the most efficient manner possible and cut wasteful spending.**
- **Review the current system in place at Sexton dining and try to lower prices where possible and add more variety.**
- **Make the Senate more transparent to the student body and offer students more opportunities to get involved with the Senate.**
- **Help fix our broken system of Course evaluations as I have spent time doing on the Joint Academic Board.**
- **Give seniors the best farewell possible as they graduate from St. John's.**

I will work with the entirety of the Senate to address these issues, and will constantly seek student input to find other areas of concern for our student body. Saint John's University has some of the brightest students in Higher Education and I would be proud to represent them.
