

Evan Howard
for
St. John's Senate
Judicial Board

My name is Evan Howard. I am a first year Political Science/Social Science double-major from Rochester, Minnesota. After careful consideration, I have decided to run for the position of Academic Affairs Representative in the St. John's Senate. I feel that as a first year, I can bring a new type of experience and contribute a different perspective to the Senate.

I have a desire to improve the communication between the Senate and the student body. Specifically, I feel that there is a distinct lack of knowledge among first years as to opportunities that they have to improve the university. I hope to bring about programs to educate all students to their opportunities. Furthermore, I seek to represent the student body in such a way to ensure that all academic opportunities are granted and provided for.

My specific goals for this upcoming semester include:

- Increased communication with the average student and representation of their perspectives
- The creation of new or the revision of old avenues of communication between the student body and administration
- Promoting academic opportunities to students, which includes, but is not limited to, the increased advertisement of study abroad programs as well as the promotion of viable internships for students at all levels.

If elected to this position, I will continue to:

- Provide consistent representation of the student body with the faculty and administration
- Seek the opinions of the student body in potential changes in the campus, specifically concerning the renovations of the Reef and Alcuin Library
- Remain fair and unbiased in the course of my duties, along with ensuring that my fellow senators are held to the highest standards

If elected to the Senate, I will push to achieve my own goals, *as well as any ideas brought forward by the student body*. As a senator, I will work as a peer of the student body in the entirety. I thank everyone for their support.

Evan Howard
