

# Mick Doyle

For Saint John's Senate

## Joint Events Council & Campus Events Representative

My name is Mick Doyle. I am a Freshman Political Science Major from Lakeville, MN. I would like to represent the student body. For this reason I am running for the SJS Joint Events Council & Campus Events Representative. I hope to serve the students and act as a representative of their interests during my term. My many goals for the senate include:

- Finding ways through the JEC budget to help promote events that appeal to students.
- Working with the JEC to promote activities that build upon the sense of community on campus.
- Surveying participants of campus events to work toward the advancement of student contentedness in future events.

The current senate has done an excellent job of advancing the student interest. I intend to continue their progress in this area by:

- Helping students to find ways to promote their agendas through the senate.
