

Getting Started New User

STEP 1: Before You Register

1. Visit www.myspanishlab.com and click *Browser Tune-up*.

This will confirm that you have met the System Requirements and have the necessary free plug-ins on your computer.

If you don't use one of these browsers, you may experience mild to severe problems when trying to use MySpanishLab.

Operating Systems		Browsers
PC	Windows XP	Internet Explorer 7.0 and 8.0
	Windows Vista	Internet Explorer 7.0 and 8.0
Macintosh	OSX 10.5	Safari 4.0+

(Effective July 31st 2009)

****Downloading New Versions of Browsers****

We strongly recommend that you **do not update to a new version of your browser** without consulting the latest system requirements for using a MyLanguageLab. Go to www.myspanishlab.com.

Select **Support** then **System Requirements** to see the most up-to-date information on supported browsers. Pearson tests each supported browser thoroughly for use with a MyLab.

2. Set Pop-Up Blockers

Some browsers will block all pop-ups—even those you want! To allow pop-ups in your *MySpanishLab* course, open your browser and do the following (there may be some variations with each browser):

1. Click **Tools** → **Pop-up Blocker** → **Pop-up Blocker Settings**.

2. When prompted for “*Address of Website to allow*”, enter: ***.pegasus2.pearsoned.com**

(If you have downloaded a **third-party (Google, Yahoo, AOL, etc.) pop-up blocker/toolbar** make sure you turn the pop-up blocker off on that toolbar in addition to your browser pop-up blocker.)

3. Confirm that you have the following needed to register:

- Valid Email Address**
- Student Access Code** - packaged with your text or available standalone at the bookstore.
(*You may also purchase instant access online at www.myspanishlab.com*).
- Your Instructor's Section/Course ID** _____
- eBook ID** (if applicable) _____

****Refer to the eBook Registration link on the Welcome Message inside your course for instructions on how to access the eBook, with or without an eBook code from your instructor**
