Your Room & Roommate Assignment

As a reminder your room and roommate assignment can be found on the [housing portal](#).

Housing Portal Instructions

1. Go to the CSB+SJU Housing Portal.
2. Select Student Login.
3. Sign-in using your csbsju email address and password.

Your Roommate

If you have not already done so we encourage you to reach out and connect with your roommate and begin creating a relationship. Try contacting your roommate by email, social media or phone. Keep in mind that it may take a while to get a response. Once you're connected, coordinate what you will share and if you want a loft.

Greetings from the First Year Experience (FYX) Team!

We are so excited to welcome you into our community next month. There are two housekeeping items we need you to complete:

1. Complete your Orientation Registration form: [2024 New Student Orientation Registration Form](#) This will allow us to order your class t-shirt, make sure any dietary or accessibility needs are met, and help us get to know you a little bit!
2. Log on to [myCSBSJU](#) with your csbsju email address and password. This will connect you to many resources including: bus schedules, dining menus, student employment opportunities, student email and much more. Most importantly, this is how we place you into your Orientation Group.

We need you all to complete these two tasks today! Please send any questions you have about Orientation to orientation@csbsju.edu.

Room Preview Day

New first-year and transfer students are invited to join us for Room Preview Day at Saint Ben's and Saint John's on Friday, August 9! Our residence halls will be open from 1 – 5 p.m. Stop by anytime to start getting acquainted with your new home!

While you are on-campus, we encourage you to visit the bookstore, financial aid, student accounts and student employment, and take care of any additional items that may still need to be completed. Sign-ups are encouraged so that your space will be unlocked and ready to be viewed, walk-ins are welcome though. [Sign-up here!](#)
