## Academic Program Prioritization

**Data Committee Update:** The Data Committee is working on a draft of the operationalization of the criteria and anticipates having a draft to share with the community on **November 8, 2021**. We anticipate providing the community with multiple opportunities to share feedback with the committee. One feedback opportunity that is scheduled already is a JFA on **November 11**.

**Steering Committee Update:** The Steering Committee collected data through various listening sessions, a JFA meeting, a survey, and work with the Data Committee. The Steering Committee has made adjustments and present the working criteria in the attached document. You can also find this on the Academic Program Prioritization [Canvas page](#). The Data Committee has begun their work to operationalize the criteria and will be presenting a draft to the community for feedback in early November. **Masking requirement signage:** The policy requiring that masks be worn in the classroom will end on Saturday, October 30<sup>th</sup>. Faculty who wish to continue to require masks in their individual classroom may do so. A sign will be available on every classroom door beginning on Monday. This sign states, "Masks are required in this classroom." We anticipate this sign may help support faculty who still wish to require masks in the classroom. This sign will be hung on a hook so that you can easily remove it or hang it based on your own preference around masking during your class period.

In addition, you may visit this website <https://www.csbsju.edu/covid-19/signage> to obtain a sign that states, "masks are encouraged indoors." We recognize there are some common spaces where masking is now optional but it is preferred by those working in these spaces. Feel free to use this sign to encourage masking in these areas.

## Pandemic Planning Committee Update

**Update from 10-28-21:** The Pandemic Planning Committee has met to discuss the current conditions around COVID-19. We have had two student positive cases in the past eighteen days and one employee positive case in the past week. We have also reached 90% vaccinated for our students as well as our employees.

Because of this, our policy remains as announced on Oct. 1: <https://www.csbsju.edu/covid-19/campus-communications/100121-mask-update>. **Masking will move to strongly encouraged, but not required, in classrooms on Oct. 30.**

### Masks are still required:

- On buses, public transportation, and in counseling and health services facilities due to federal regulation
- In our large performance venues (CSB Escher Auditorium, CSB Colman Theater, CSB Gorecki Family Theater, and SJU Humphrey Theater)
- For spectators during indoor athletic contests
- For unvaccinated visitors to campus in indoor locations

Faculty can still choose to require masks in their individual classrooms. There will be signs available on every classroom door that faculty can add or remove to help communicate their expectations around masking in the classroom.

Our Benedictine values stand as reminders to respect all persons and care for our community. As such, it's important to remember that:

- Mask wearing is fully supported and encouraged for any individuals who choose, and especially for those who have any upper respiratory symptoms.
- There is a higher rate of transmission in Stearns County than on our campuses. We encourage our students and employees to mask indoors when off-campus in order to help protect our entire CSB/SJU community.
