3.3.3 Information Technology Services

In accordance with their mission to provide a liberal arts education, to foster the free exchange of ideas, and to provide effective support for its teaching, learning and research, it is the policy of the College of Saint Benedict and Saint John's University to permit broad access to information technology resources for students, faculty, and staff to use in fulfilling the institutional mission, and for appropriate college/university-related activities

IT resources have been made widely available to make technology a natural part of day-to-day work and study for all members of the community. Access to information technology resources however, carries with it the responsibility for ensuring that its use is primarily for institutional purposes and related activities. Moreover, the use of information technology resources must be consistent with institutional policies and local, state, and federal laws.
