2. HOUSING CONTRACT

Each Resident Assistant is expected to complete the Campus Housing Agreement and all other appropriate paperwork for living in the residence halls. Resident Assistants are expected to check out as directed by their supervisor prior to departing from campus. Resident Assistants are responsible for any applicable damages or cleaning charges.

3. ACADEMIC EXPECTATIONS

Newly hired Resident Assistants are required to enter the RA position with a minimum 2.5 cumulative grade point average. All Resident Assistants are required to maintain a minimum of 12 credits each semester and a 2.5 cumulative GPA during the employment period. If a RA's GPA or credits drop below the minimum required, they may be placed on employment probation or be released from the RA contract.

4. COMPENSATION

The 2022-2023 RA compensation is the full cost of room in a residence hall and a full meal plan. RAs will receive a waiver on their billing statement for room and board and a 5-6 hour work award. Should the RA leave the position/be released from their contract before the end of a semester, they may need to re-pay the unused portion of the stipend and will not be able to earn the remaining funds in their work award.

5. TIME COMMITMENT

The RA position requires working in close coordination with the professional staff in providing services for students, as well as attempting to positively affect students' development. The RA plays a multi-faceted role in achieving these ends: administrator, mentor, limit-setter, activity/program facilitator, role model, and resource/referral agent. Therefore, it is impossible to estimate the number of hours RAs need to devote to the position. However, each RA should understand that the position is demanding in time and effort, and availability to the assigned floor/residents is critical to their success in the position.

6. TRAINING SESSIONS

Resident Assistants are required to actively participate in fall (including applicable summer modules), mid-year training, and closing training, as well as occasional continuing education sessions. Trainings are required and Failure to participate for training may result in termination of employment.

7. BREAKS

RAs are expected to assist with the closing of residence halls prior to all break periods and must remain in the residence halls until the closing process is completed. All staff members are required to assist during Semester Break and Spring Break closing. Each staff member must assist with either Thanksgiving or Easter Break. Assigned staff members' breaks will be determined with the Residence Director (RD) during fall training. Staff members who are fall- or spring-only staff will work the break that falls within the corresponding term.

If a RA has an extenuating circumstance (i.e. being an international student/student from outside the 5-state area, academic/athletic commitment, et. al.) that prevents them from meeting this expectation, that RA needs to work with their supervisor **in advance of the first break period in their contract** to arrange for an alternate break schedule and/or additional duties in lieu of break assistance.

8. VACATIONS, TIME AWAY, DUTY AND AVAILABILITY

A Resident Assistant is expected to maintain intentional relationships with their residents by being available to them on weeknights and weekends. In addition, RAs are expected to be good role models, demonstrate compassion toward others, be open to differences, and promote a healthy community that supports the values of the college.

RAs are expected to request prior approval from their Residence Director regarding overnight absences from their building. **RAs are expected to remain on campus a minimum of two weekends per month.** A weekend officially begins Friday afternoon and ends Sunday evening. Official RA duty is scheduled by the individual Residence Director. RAs are expected to be available for the following activities:

Resident Assistants must know, articulate, and personally abide by and support the policies stated in the official student handbooks of both CSB and SJU, and the terms of the housing contract. RAs are expected to document and confront violations of College and Residential Life policies. **A RA does not cease to be a RA when not on duty, or away from residence halls.** As a Residential Life employee, the RA has a definite responsibility to report violations of College policies that occur on campus at either CSB/SJU, or in the greater campus community.

10. USE OF ALCOHOL AND DRUGS

RAs are expected to abide by state law regarding the legal age to consume alcohol. Underage staff members who consume alcohol on or off campus will be released from their RA contract immediately. Staff members of legal drinking age who abuse or misuse alcohol, or whose behavior when using alcohol contradicts the expectations and status of the RA position may be released from their RA contract. The use of illegal drugs is strictly prohibited and will also result in the release of a staff member from their RA contract.

11. EXTRACURRICULAR ACTIVITIES

Extracurricular activities which require excessive amounts of time (especially nights and weekends) are strongly discouraged. Resident Assistants should submit in writing to their Residence Director all the activities in which they are involved and approximate the amount of time required for these activities each semester. Resident Assistants are to limit their time in extracurricular activities, as **RA responsibilities take priority.** Should conflicts arise between extracurricular activities and the RA position, the RA may be asked to give up the extracurricular activity.

12. ADDITIONAL EMPLOYMENT

Resident Assistant retention and reappointment is contingent upon student evaluation, Residence Director evaluation, overall job performance of the Resident Assistant, and staffing needs. Each RA's performance will be reviewed periodically, and the appointment may be terminated at any time if the RA's performance is unsatisfactory, and/or has not shown improvement. Reapplication and interview are required for reappointment consideration.

15. FAILING TO COMPLETE CONTRACT DATES/LEAVING EARLY POLICY

Any staff member not able to complete their contract and work until the end of the fall semester/end of the spring semester contract dates will be charged for leaving early and failing to complete their assigned duties. Staff members who leave early will be "charged" \$20 per hour for each unfulfilled hour remaining on their contract or \$160 a day for each unfulfilled day on contract. This will show up as room and board fees needing to be paid on the staff member's account. This amount will be determined by the staff member's Residence Director **and** the Director of Residential Life. Staff members can be charged up to \$800 for leaving early. In addition, staff members who leave early may be ineligible for reappointment for future employment by Residential Life & Housing, or for receipt of letters of recommendation/reference from the department.

16. STATEMENT OF ETHICAL CONDUCT

Every member of the Residential Life staff makes a personal commitment to professional honesty and integrity, to seek knowledge, and to share that knowledge freely with others. Such a commitment is essential for the Residential Life program to perform its proper function and to ensure continued confidence among the staff and students we serve. Each RA's actions and words should positively reflect the Department of Residential Life & Housing.

When in disagreement with a department policy, directive, or decision exercised by another campus entity or staff member, the RA should express their opinion or complaint to their direct supervisor, who will share it with the appropriate department personnel for information or action. Behaviors not consistent with the standards and norms recognized as professional or ethical will not be tolerated in any employee working for Residential Life & Housing.

Each Resident Assistant agrees to:

- 1) Not to share confidential, private, or restricted information under any circumstances with residents or other students. - 2) Not to promise confidentiality from Resident Assistants, Community Advisors, Residence Directors, Area Coordinators, the Director of Residential Life & Housing, or other college officials to an individual. Protocol may require reporting of what the student confides.

Having read the Resident Assistant Contract and understood its content, I accept this appointment for the 2022-2023 academic year.
