This guide is designed to assist advisors & students in finding courses that fulfill Integrations/Common Curriculum requirements in 2022-2023. Each program has a unique list of course offerings which relate to that country. Please note that courses may change, and we cannot guarantee availability. Consult the website for more details about the precise classes available: <http://www.csbsju.edu/global/find-a-program/semester-programs>

In general, most study abroad programs at CSB/SJU allow you to meet Integrations/Common curriculum requirements and earn some elective credits towards your overall graduation requirement. Some programs may offer the opportunity to take courses towards your major or minor. Currently, there are no themes available on Semester study abroad programs.
