On all study abroad programs, students are required to take 16 or more credits. These credits count towards a student's Cumulative GPA. Study abroad programs at CSB/SJU allow you to meet Common curriculum requirements and earn some elective credits towards your overall graduation requirement. Some programs may offer the opportunity to take courses towards your major or minor.

Be sure to discuss your plans to study abroad with your Academic or Faculty Advisor. It is crucial to plan early and build study abroad into your 4-year plan. It is our goal to make study abroad a part of your degree at CSB/SJU. It should not be an extra semester or a semester off. Below is an overview of how you can use Study Abroad programs to meet Common Curriculum requirements. Please note that courses may change and we cannot guarantee availability.

Common Curriculum Requirement	Programs where this is available
Fine Arts (FA)	Australia, Austria, Chile, France, Germany, Greco-Roman/Roman-Greco, Ireland (Cork), London, South Africa, Spain
