

EMERGENCY FUND SAVINGS GOAL

Having an emergency fund can help to keep you afloat during unforeseen events. Use the chart below to calculate your emergency fund needs. Financial experts recommend anywhere from 3-6 months of expenses *minimum* set aside for an emergency. Plan to dedicate a portion of your income each week/paycheck/month to achieve your goal.

Expense (monthly)	Amount	# of months	Total Amount
Rent/Housing	\$	x months	\$
Utilities	\$	x months	\$
Groceries	\$	x months	\$
Medical (ex: prescriptions)	\$	x months	\$
Transportation	\$	x months	\$
Other:	\$	x months	\$
Other:	\$	x months	\$
