Performance Protocols and Details:

- Each SPS date will be limited to 1 hour in length and will take place in 2 rooms simultaneously. This will allow for the following:
 - o 30 minutes of performances per room
 - o Limited time in the performances space with other performers (by approval only with limited capacity).
 - o Performance may be limited to 10 minutes unless more performance time is available.
 - Please email musicsw@csbsju.edu to submit additional repertoire.
 - o Cleaning of piano keys, benches, stands, and other common touched surfaces to be wiped down with disinfectant wipes in between performances. Performers to wipe off equipment used.
- Social distancing of performance members of 6 Feet (or greater).
- All performance members (as with ARTE) are required to wear masks at all times (unless specific needs require not (e.g. Instrument does not allow, medical needs). At this time, it appears that if players wear surgical style masks with a slit for a mouthpiece AND bell covers, aerosol emission is reduced.
- Brass players must practice water key etiquette. Drape water valve and collect condensate in a disposable towel. Performer to provide own disposable towel.
