Registration Instructions

March 29— April 12, 2006

FALL 2006

All currently registered students who expect to return to CSB/SJU this Fall must complete advance registration by April 12th. Please follow these instructions carefully—proper registration is your responsibility. If you have any questions about registration, call the Registrar's Office at 5260 (CSB) or 3396 (SJU).

STUDENTS ARE ELIGIBLE TO REGISTER ONLY IF THEY HAVE:

- Met with their advisor to obtain their Label with Registration PIN #
- Settled all current charges with the Student Accounts Office
- Been accepted by a department (unless they are a first-year student)
- Complied with Minnesota immunization regulations
- Have an active Network account

We strongly urge you to meet with your advisor early and enter your registration on Web Self Service on the date listed on your PIN Label. **Registration is on-line—delaying your registration will affect course selection.**

Students who are ineligible to register for any of these reasons may register on Web Self Service after they have cleared all registration holds.

Please note that registration for ILPs (Individualized Learning Projects) and for special programs (Tri-College Exchange, Internships, etc.) requires your submission of special forms available from the Registrar's Office or they are available on-line. Registration for Internships (8 credits or more) are due the first day of classes.

REGISTRATION ADJUSTMENTS

Registration adjustments (Drop/Add) can be done on Banner Web Self Service through September 1st. **You will need your Registration PIN# that you received from your Advisor.** To drop a course after this date, students can come to the Registrar's Office at SJU (Quad 161) or at CSB (Academic Services Building 208).

Listings of canceled or closed courses will be electronically updated on the Class Schedule Information on Banner Web Self Service. Students should use Banner Web Self Service to check whether a space has become available in a course that was previously closed. Courses may be added through the first 4 class days of the semester.

If a course is closed, check whether there are any other sections of the same course that have spaces available in them and register for an alternate section. If this option is not available to you, consider alternate courses and register accordingly. Your advisor is a good resource to help determine an appropriate alternate. In some cases, it may be appropriate for the department chair or instructor to "override" a student beyond the course limit. Override registrations are completed by the student presenting a signed (department chair or instructor, as appropriate) Drop/Add card to the Registrar's Office.

REGISTRATION PRIORITY AND COURSE SELECTION

Registration priority is based first on class standing, then on cumulative earned credits. Seniors are assigned courses first, then juniors, sophomores and first-year students. Class standing is determined by earned credits, and earned hours do not include spring attempted credits. You are encouraged to keep these priorities in mind when you develop your course requests. **Web Self Service will immediately respond to your course selection by indicating Enrolled or Closed.**

DROP/ADD on Banner Web Self Service

If you would like to drop and add courses for Fall Term 2006, you may do this through Banner Web Self Service until September 1st. Please keep your Registration PIN #. You will need this to Drop/Add on Banner Web Self Service. After this date you will need to drop and add courses in the Registrar's Office.

OBTAINING A NETWORK ACCOUNT

All students must have a NETWORK account to use Banner Web Self Service from the Network PC's on campus. Most of you will already have an account, which you may use for many other functions besides course registration. If you do not have a Network account--or have forgotten your password or how to sign on--please follow these steps to obtain your Network account:

- Step #1:** Go the Computing Center at SJU, Quad 084, from 8:30 am - 4:30 pm
- Step #2:** Identify yourself as needing a Network account.
- Step #3:** Activate your account on one of the PC's in the computing center

PROBLEMS -- Discussed below are some common problems we expect some of you may encounter, and how you may solve them.

- **Your PIN # doesn't work.**
Solution: Re-check your label and carefully re-enter the PIN #. You may have to Exit Banner Web Self Service completely and login again. **YOUR PIN# for registration is not the same as your WSC (Web Security Code) that you use to access Student Information on Banner-Web Self Service.** Please note: the PIN # is not displayed (for security reasons) as you enter it on the computer.
- **You lost your PIN #.**
Solution: Contact your Advisor to get your Pin Number again, or bring your Advisor's signature to the Registrar's Office. (PIN #'s cannot be obtained in the Computer Access Areas)
- **You entered the wrong CRN #.**
Solution: Banner Web Self Service allows you to make changes to your registration. See the section on changing your fall registration in the "Instructions for using Banner Web Self Service". You may make changes on Banner Web Self Service through September 1st.
- **While using Banner Web Self Service it displays: "This session for your Login has expired".**
Solution: Banner Web Self Service is programmed to Log off of the Registration Screen if you leave the screen idle for more than 15 minutes. If this should this happen, simply sign on again. To do so, click on Banner Web Self Service and then click on the Fall Registration icon and start over.
- **Banner Web Self Service shows the status of a course as 'open' but it will not permit you to register for the course.**
Solution: You may not meet the prerequisites or quota restrictions for that course. Check the notes in the class schedule under that course or contact the Registrar's Office.

ESSENTIAL INFORMATION

ACADEMIC ADVISING

After receiving this Class Schedule booklet, visit your academic advisor to arrange a program of classes for next term, and have your advisor place your PIN label on the Class Request Worksheet located on the back page of your Fall 2006 Class Schedule Booklet.

If you intend to register for more than 18 credits, you are incurring an overload. Overloads may be attempted only by students in good academic standing, and overloads of 20 or more credits require the student to see the Academic Advising Office.

ACADEMIC PROBATION

First semester students must earn a minimum 1.8 cumulative grade point average to remain in good academic standing. In subsequent semesters, all students are required to maintain a 2.0 cumulative grade point average for all CSB/SJU coursework. Students who fall below a 2.0 cumulative GPA will be placed on academic probation for the next semester. During the probationary semester, students must raise their cumulative GPA to 2.0 and may take no courses for S/U grading unless the course is offered only on an S/U basis. Students whose cumulative GPA remains below the minimum standards at the end of a Final Probationary semester are subject to dismissal. For more information, see the Official Academic Catalog.

ADDING A CLASS

September 1st is the last day you may ADD a full-term course to your program, unless the course's first meeting is scheduled after September 1st. No student may enroll for a full-term course after the second scheduled meeting without the instructor's consent.

Banner Web Self Service will be available to add courses through the 4th day of the semester. After the 4th day of the semester, any additions, with the instructor's consent, must be made by filling out a drop/add card & filing with the Registrar's Office.

AUDITING A CLASS

Students intending to audit a course (earn no credit) should indicate their intent when registering for the course, or complete a Drop/Add card and file it with the Registrar's Office during the first week of class. Auditors are expected to attend all regular classes, but they are not required to take final exams. A student who first registers for credit may change to auditor status any time during the first month of class. A student who first enrolls for auditor status may change to credit status only during the first week of class. Courses audited are not included in determining the total credits earned; however, the credit value of any course audited is computed in the assessment of tuition.

CALENDAR CHANGES

The CSB/SJU calendar is subject to modification or interruption due to occurrences such as fire, flood, labor disputes, interruption of utility services, acts of God, civil disorder and war. In the event of such occurrences, the Institutions will attempt to accommodate their students. However, we do not guarantee that courses of instruction, extra curricular activities or other programs or events will be completed or rescheduled. Refunds will be made to eligible students in accordance with College or University policy.

CLASS PERIODS and DAYS

Period I	8:00-9:10	M = Monday
Period II	9:40-10:50	T = Tuesday
Period III	11:20-12:30	W = Wednesday
Period IV	1:00-2:10	R = Thursday
Period V	2:40-3:50	F = Friday
Evening		

Classes offered Periods II, III, and IV generally are requested by greater numbers of students than are other periods. You are less likely to be closed out of a class that is scheduled for Period I, or V, and may wish to consider this when you prepare your initial registration.

CO-REQUISITES (COREQ)

Co-requisites are courses that must be taken during the same semester.

COURSE NUMBERING SYSTEM

100-299	Lower Division undergraduate courses
300-399	Upper Division undergraduate courses
400-above	Open to graduate students

CREDITS EARNED AT OTHER COLLEGES

Students may complete out-of-residence courses and transfer them to Saint Benedict's and Saint John's. The college at which the coursework is completed must be accredited by the appropriate regional accrediting agency at the time of enrollment. Courses to be transferred must be similar to courses offered for credit at Saint Benedict's and Saint John's. Courses to be transferred must receive a minimum grade of C. Credits received for these courses are translated into semester credits according to the appropriate translation formula. Grades earned for transferred coursework are not calculated into the student's cumulative GPA. Before credit may be transferred, the Registrar's Office must receive an official transcript directly from the college at which the courses were completed.

With advance approval, students may apply these courses towards core and/or major requirements. Work taken to complete core requirements requires prior consultation with and approval of the Registrar's Office or the Academic Advising Office. Work taken to complete major requirements requires prior consultation and approval of the department chair. The department chair needs to sign an Academic Exemption Form.

Students who intend to transfer coursework from a foreign college or university must consult the director of international studies before beginning such study. Consult the Center for International Education for further information.

CREDIT OVERLOAD

If you plan to register for more than 18 credits, you are incurring an overload. The overload tuition fee is estimated at \$680.00 per credit over 18. Students whose cumulative grade point average is below 2.00 may not register for an overload. Students in good academic standing (GPA above 2.00) may register for a maximum of 1 overload credit (19 credits overall) without permission. Credit totals of 20 or more require the student to see the Academic Advising Office. The Web Self Service registration system will not allow you to register for more than 19 credits.

DROPPING A CLASS

- **Sept. 1st** Last day to drop a course using Banner Web Self Service. After this date students must fill out a drop/add card & obtain the instructor's signature to receive a permanent drop until September 21st.
- **Sept. 21st** Last day to receive a permanent drop on your schedule
- **Nov. 17th** Last day to receive a "W" on your transcript. If you withdraw after this date, your instructor may assign you an "F" at the end of the semester if appropriate.

For courses scheduled for less than a full term, withdrawal during the first third of the course will result in no record entry; during the second third, a "W" entry; during the final third, a failure if appropriate.

Students who fail to properly drop or withdraw from a course may be subject to a failing grade if appropriate.

EXEMPTION/SUBSTITUTION

In exceptional circumstances students may petition for exemption/substitution from specific academic regulations. Forms for requesting

an exemption/substitution are available from the Registrar's Office. Students should first consult with their academic advisor, whose signature on the exemption/substitution form represents a recommendation that the request be considered favorably by the approving official. Department chairs are the approving officials for exemptions/substitutions from requirements within majors and minors. Exemptions/substitutions from academic regulations beyond major and minor fields require the approval of the Assistant Academic Dean. Requests for these non-departmental exemptions/substitutions should be directed to the Academic Advising Offices. The guiding principle in considering requests for any exemption/substitution is fidelity to the academic standards of the colleges.

FINAL EXAM SCHEDULE - FALL 2006 TERM

	Saturday Dec. 16	Monday Dec. 17	Tuesday Dec. 19	Wednesday Dec. 20
8-10:00 am	V 1-3-5	II 1-3-5	V 2-4-6	IV 1-3-5
11-1:00 pm	IV 2-4-6	MS II	I 1-3-5	MS IV
2-4:00 pm	III 1-3-5	I 2-4-6	MS III	
5-7:00 pm	MS I	II 2-4-6	III 2-4-6	

Explanation of abbreviations:

- Period I - 8:00-9:10
- Period II - 9:40-10:50
- Period III - 11:20-12:30
- Period IV - 1:00-2:10
- Period V - 2:40 -3:50
- MS = Multi Section Common Exam

Classes that meet after Period V may use their last regularly scheduled class period for their final exam

The academic calendar concludes each semester with a one-day study and four-day test cycle. Faculty may administer final exams for their classes only during the exam periods officially scheduled by the Registrar's Office. Cumulative final examinations may not be given during the regularly scheduled class days of the semester. If there is to be a cumulative final exam in a course, all exams given during the semester must be returned for student review by the last scheduled day of class.

Instructors of each full-term course are expected to announce at the beginning of the course whether a written two-hour final examination will be given. Such an exam will be administered during the four-day test cycle according to the schedule above. Note that a class is assigned a test time and day in the schedule according to the cycle and time period it meets during the semester. Classes that meet after Period V may use their last regularly scheduled class period for a final exam.

One period has been reserved on each of the four test days for the administration of a common exam for multiple-section courses who so desire. A list of such courses, and their exam times, will be announced this fall. The legend, MS, in the accompanying chart signifies times set aside for these multi-section common exams.

GRADUATION INFORMATION

- An Application for Degree must be submitted to the Registrar's Office prior to the award of a degree from Saint John's University or the College of Saint Benedict.
- An Application for Degree is sent spring semester to all CSB/SJU Juniors.
- Submitted applications are then reviewed to ensure all Core and Major requirements are met prior to the award of a degree.
- Results of the Degree Audit are sent to students two times during their senior year: September and February..
- Degrees are issued May, August, and December.
- Upon successful completion of all degree requirements, diplomas

and transcripts are sent to all graduates at their permanent address.

- An Application for Degree allows students the privilege to participate in the May commencement ceremony.
- Students may participate in the May commencement ceremony if they are within 8 credits of all degree requirements.
- Students who leave CSB/SJU may transfer up to eight semester credits from another accredited institution of higher education to complete their degree requirements.

GRADUATION REQUIREMENTS

- 124 credit hours. 45 of these must be taken at CSB/SJU
- 40 of the total credit hours must be upper division (300 level)
- 2.0 minimum cumulative GPA (unless a specific major requires a higher average)
- 2.0 minimum GPA major and/or supporting courses (unless a specific major requires a higher average)
- Completed Core curriculum requirements
- Acceptance to a major (usually at the completion of sophomore year)
- Requirements for a major (half of the courses for a major must be completed at CSB/SJU)

HOLDS

All financial, academic, student accounts & health center holds must be cleared before registering for classes.

INCOMPLETE GRADE POLICY

The policy concerning the temporary grade Incomplete (I) includes the following points:

When circumstances warrant, instructors may allow some delay in the completion of course work. Such extensions shall not extend beyond the close of the following regular (fall or spring) semester, and earlier limits may be set at the discretion of the instructor.

The instructor must report on the official grade roster the grade "I" followed by the minimum grade the student will receive if the course work is not complete by the end of the following semester (e.g., IF, or IC, or IB). That grade will be used in the computation of grade point averages until the Incomplete is removed.

If by the end of the following semester the instructor reports a single final grade to the Registrar, that grade will replace the I/ GRADE, the Incomplete will be removed, and averages recomputed accordingly. Otherwise the minimum grade that was assigned with the "I" will become a permanent part of the transcript.

Exceptions to the above may be granted only by the written permission of the appropriate Academic Dean. Such exceptions will ordinarily be granted only in cases of medical disability or problems of comparable seriousness.

Degree candidates are cautioned that failure to have all degree requirements satisfied (including removal of Incomplete grades in courses needed for graduation by March 15th will necessarily result in postponement of their graduation.

INDIVIDUAL LEARNING PROJECTS

The guidelines and application forms for Individual Learning Projects, sometimes called Independent Study, are available in the Registrar's Office. If you are planning an ILP for Fall term, please consult these guidelines. Remember, only 4 credits of ILP per term are allowed. You may indicate your intent to register for an ILP by requesting DNA 271 01A **CRN #11190**, or DNA 371-01A, **CRN #11191** on Banner Web Self Service. **Remember to indicate the number of credits. First-year students are not eligible for ILPs.**

INTERNSHIPS

SUMMER 2006 INTERNSHIPS FOR CREDIT

All CSB/SJU students who plan to do an Internship for academic credit during Summer of 2006 are required to attend a one-hour Legal and Professional Issues session offered in April of 2006. Check with the Internship Office (Academic Services Building, phone 5799) for

exact dates. All internships which take place during the summer must be registered under the Summer term not under the preceding Spring semester or the following Fall semester.

You will not be registered for your internship until the Registrar receives your completed Registration for Internship-Preliminary Learning Contract form with all required signatures. This form and other required legal forms can be obtained from the Internship Office. Check the Internship Program website (www.csbsju.edu/internship) for information on other requirements. The last day to register for a Summer 2006 Internship is Friday, May 5th. Registration after this date requires approval of the Internship Program Coordinator.

Contact Student Accounts for information regarding cost of tuition for summer internships

FALL 2006 INTERNSHIPS FOR CREDIT

All CSB/SJU students who plan to do an Internship for academic credit during Fall of 2006 are required to attend a one-hour Legal and Professional Issues session offered in April of 2006. Check with the Internship Office (Academic Services Building, phone 5799) for exact dates. When you register for fall classes, you may indicate your intent to register for a Fall 2006 internship by requesting DNA 397-01A, Call # 11192 through Banner Web Self Service. Enter the number of credits you expect to earn.

You will not be registered for your internship until the Registrar receives your completed Registration for Internship-Preliminary Learning Contract form with all required signatures. This form and other required legal forms can be obtained from the Internship Office. Check the Internship Program website (www.csbsju.edu/internship) for information on other requirements. The last day to register for a Fall 2005 Internship is Friday, May 5th. Registration after this date requires approval of the Internship Program Coordinator.

MINNESOTA STUDENTS ELIGIBLE FOR THE MINNESOTA GRANT PROGRAM:

You must register for a minimum of 15 credits each semester to receive a Minnesota Grant at the full-time student rate. Students who register for 12-14 credits may still receive a Minnesota Grant but the award amount will be substantially reduced. Please direct any questions to the Financial Aid Office at CSB or SJU. (For all other aid programs, 12 credits is still considered full-time.)

MODULAR SCHEDULING

Some departments offer courses of less than a full term's length; these courses begin and end according to the following dates and are called Modules, or "Mods". Each Mod is nine regular teaching periods and will be listed by the codes below in the Official Class Schedule:

MODULE	CYCLE	BEGINS	ENDS
A1	1-3-5	August 29	September 20
A2	2-4-6	August 30	September 21
B1	1-3-5	September 22	October 19
B2	2-4-6	September 25	October 20
C1	1-3-5	October 23	November 14
C2	2-4-6	October 24	November 15
D1	1-3-5	November 16	December 13
D2	2-4-6	November 17	December 14

NOTE: THESE DATES DO NOT APPLY TO MODS IN THE GRADUATE SCHOOL. SEE GRADUATE SCHOOL.

OFFICIAL COMMUNICATIONS TO STUDENTS BY E-MAIL

The Registrar's Office will use electronic mail as the most expeditious means of communicating with you. Make sure you are not blocking messages from the Registrar's Office in order to receive important notices regarding graduation, cancellation of courses, course schedule updates, etc.

ON TRACK

Advisors will have access to their advisees' On Track advising aid through Banner Web Self Service for Faculty Advising System. Please make an appointment to meet with your advisor early to review your academic progress and select your Fall coursework. Remember, all students MUST see their advisor to receive their Registration PIN # Label.

PERMISSION REQUIRED CLASSES

Before attempting to register for courses listed as "Permission of Instructor or Department", students must obtain written permission.

PREREQUISITES

Check the course listings section of this class schedule to find out if a class has a prerequisite. Make sure you have met all prerequisites before attempting to register for a course. If you have not taken the prerequisite, you must contact the department to seek written approval (signed drop/add card or e-mail directly from the instructor) to register for the course. If you fulfilled the prerequisite through a course taken at another college, prior to Fall 2005, please contact the Registrar's Office prior to registration.

REPEATING A COURSE

A course that has been failed may be repeated for credit. Courses that have been passed may not be repeated for credit. They may, however, be repeated for additional honor points. The original grade is not removed when the course is repeated and credit for a course can be earned only once. The higher grade is computed in the GPA. If you are registering for a course that you are repeating you MUST notify the Registrar's Office.

STUDENT TEACHING

Students registering for student teaching (EDUC 361, 362, 363) in their 9th (or greater) semester as a full-time student at CSB/SJU will be billed at ½ the regular tuition rate for that semester. These students will also not be charged the student activity fee, technology fee, and campus center fee for that semester. Institutional gift aid (scholarships/grants) will not be available to these students.

STUDY ABROAD

CSB and SJU offer a number of group overseas study programs. Students who plan to enroll in one of these programs should contact the Center for International Education, QUAD 128 at SJU. Students who are considering enrolling in coursework offered abroad by another institution (Consortium/External Study Abroad) should contact the Center for International Education or the Registrar's Office, for information on transfer of credits. Students who register for SA 372, Consortium/External Study Abroad, will be billed a \$199.00 fee.

Seniors must ordinarily be in residence for the two semesters immediately preceding commencement (graduation). "In residence" is defined as enrollment as a full-time student at CSB/SJU for a minimum of 12 credits per semester. Any student wishing to register for a External Study Abroad Consortium during one of their two last semesters of their Senior year must receive approval from the Academic Advising Office. Seniors will **not** be allowed to register for a year long External Study Abroad Consortium.

S/U REGISTRATION

Arrangements for this non-honor point grading option should be made with your professor at the beginning of the course. Remember that undergraduates are limited in the number and types of courses they may take for the grade S (Satisfactory). See the Catalog for specific rules. First-year students may not take the S/U option except for a course with only S/U grades available. The grade S, once turned in by the instructor, is **NOT SUBJECT TO LATER CHANGE**.

Grading options are listed in the Class Schedule as either GRADING OPTION A-F REQUIRED or GRADING OPTION S-U REQUIRED. If neither of these is listed, the instructor will permit eligible students to choose either option by the date the instructor specifies at the beginning of the course. Once you have chosen, you may not request that the S/U be changed to an honor point grade.

If coursework grades average below a C under the S/U option, the grade U (Unsatisfactory) will be given with no credit earned.

TRI-COLLEGE EXCHANGE

The College of Saint Benedict, Saint John's University, and Saint Cloud State University have an agreement that encourages regular full-time undergraduate students to take courses on any of the three campuses. Registration is limited to fall and spring semesters. If you are interested in taking courses at Saint Cloud State, you can pick up a copy of their Class Schedule and a registration application at the Registrar's Office. If a course seems suitable for your program of studies, see your advisor for permission to register. To register, file the approved application with the Registrar's Office at the St. John's campus before August 25th. The course will be added to your Fall 2006 Student Detail Schedule, if space is available.

CSB/SJU students will be billed tuition, and other fees, at CSB/SJU rates. If a student is not registered for more than 18 total credits, there will ordinarily be no additional charge. For credits over 18, an additional tuition charge of \$680.00 (estimate), will be made for each additional semester credit hour.

If you have any questions about Tri-College Exchange and the suitability of SCSU courses toward your degree program, see Jane Simon in the Registrar's Office, QUAD 161.

TRANSCRIPT SERVICE

Current students may request an unofficial copy of their transcript at no charge from the Registrar's Office. Official transcript requests must be submitted in writing to the Registrar's Office and may be picked up at the Registrar's Office (or we can mail them for you) 3 working days after the request is made, except during the first and last week of each term.

Former students may request a transcript copy for \$3.00 per transcript. The fee for faxing a transcript will be \$3.00 per transcript. If the transcript is faxed outside the U.S. the fee will be a minimum of \$5.00. All transcript requests must be submitted in writing via mail or fax and payment must accompany the order.

UPDATES TO THE OFFICIAL CLASS SCHEDULE

Updates, including additional courses, cancellations, changes to existing courses, core approvals & other general changes to the Official Class Schedule will be published periodically on the Registrar's Official website. Notification of the publication of these updates will be sent via E-mail to all students and faculty.

VARIABLE CREDIT COURSES

If a course is listed with a range of credits (variable), you must enter the appropriate credit amount desired when you register for the course. The credit amount you are registered for may impact your status as a full-time student or your financial aid.

VERIFICATION OF ENROLLMENT

The Registrar's Office can provide verification of your enrollment at the College of Saint Benedict or Saint John's University, as well as other information, such as graduation date, majors, full-time status, etc.

Verification letters or requests for completion of forms may be obtained by one of the following methods:

- Contact the College of Saint Benedict Registrar's Office at 320-363-5260
- E-mail Denise Laudenbach at djlaudenbach@csbsju.edu.
- Fill out & print our on-line request form & mail to the address listed below
- Submit your request on-line

In your request, please include the following information:

- your full name
- ID number (social security number)
- where the information should be sent
- what information you need, ie., full-time status, major, graduation date, degree awarded, GPA etc.
- date of the request

Any request to release GPA information must be in writing with your signature authorizing the release of this information

WITHDRAWAL FROM COLLEGE

Complete withdrawal from all of your courses during the term must be initiated with your Residential Director at CSB, Mary Commons 221 or the Residential Life Office, Sexton 127 at SJU. If you withdraw by September 21st no official record of your registration for that term will be made. If you withdraw between September 22nd and November 17th, the mark "W" will appear behind that term's courses on your transcript. If you withdraw after November 17th, all courses for that term will be followed by the grade of "F". If you decide to withdraw after the term ends, you MUST notify the office mentioned above.

FALL 2006 COURSE DESCRIPTIONS

ART

ART 233G: Computer Art: Visual Narrative

Andrea Shaker

Students will use the computer to create visual narratives through the sequencing of images. Students will first work with still, printed images to create a visual narrative. As the semester progresses, students will work with the moving or animated image in order to create multimedia artwork. These pieces will be both linear and non-linear (interactive). Students will learn to create and understand the formal and conceptual relationships between images and between image and text. This course serves as a prerequisite for Computer Art II (Art 318).

COMMUNICATION

COMM 381A: Classical Rhetoric

Richard Ice

This course will examine classical rhetoric in ancient Greece and Rome. Students will read texts for the ancient time period and explore how these rhetorical theories developed. Students will examine how classical rhetorical theory serves as the foundation for modern theories of rhetoric and persuasion.

PREREQUISITE: COMM 101 OR PERMISSION OF INSTRUCTOR

COMM 383-01A: New Media: Communicating in an On-Line Era

Kelly Berg Nellis

You know that time you sent off an instant message while talking on your cell phone to your roommate in the other room who was checking facebook, surfing the Net and researching for a 10-page paper while you replied to the 20 emails that arrived in your inbox since that morning?yeah, I mean last night... The use of computer-mediated communication (CMC) in our society, locally and globally, has altered traditional boundaries that once defined communication, identity, and community. This course examines how on-line communication affects interpersonal, group and mass communication, social identities and the concept of community. Participants will investigate theoretical questions raised by on-line communication and explore various types of CMC.

PREREQUISITE: COMM MAJOR AND JUNIOR OR SENIOR STANDING OR PERMISSION OF THE INSTRUCTOR

COMM 383-02A: The Art of the Documentary Film

Lu Lippold

Documentary films are becoming as popular as fiction films in theaters and on television. Through a combination of discussion, film screenings, and hands-on production, you will learn about the history and structure of documentary films, and you will shoot and edit your own documentary. We will also discuss techniques to improve your storytelling skills and creative decision-making. You must have some video production and editing experience to take this class: it is not a beginning production class.

PREREQUISITE: COMM 301 or Art 262 or permission of instructor.

COMM 383-03A: Layout and Design for Print Media

Marty Sundvall

This course will explore the different computer technologies and software used in creating print media. Students will use programs such as Adobe In-Design, Quark XPress, Adobe Photoshop, Adobe Illustrator and basic web page design to bring their creative visions and course projects into printed reality. The course is geared for advertising, public relations and news editorial students.

CORE - SENIOR SEMINARS

SENIOR SEMINAR - A Core Curriculum Requirement

"The traditions of the liberal arts and the Benedictine character of our two colleges emphasize the need to develop in our students an ability to lead responsible lives in a contemporary world. This concern has always been a central element in notions about striving for a 'good life,' leading a life of civic responsibility, a life of personal integration, a life of 'wholeness.' At the junior/senior level of the curriculum, this objective implies that explicit and focused attention be paid to developing the ability to make good moral judgments on issues that affect our lives. Developing this ability is, then, the goal of this program. By 'good moral judgments' we understand choices which are consciously elected and defensively maintained."

A second goal is to enhance, "the ability of students to think well about problems that resist easy solutions, problems that call for combining many separate resources and skills, both intellectual and personal." "The aim of the program is to develop these skills:

- An understanding of the role that empirical information plays in justifying moral judgment
- An ability to sort relevant from irrelevant data
- An understanding of relationships
- An ability to assess the cogency of arguments
- An appreciation of the implications of claims
- An ability to analyze concepts
- An appreciation of and ability to use contextual thinking
- An ability to imagine vividly the impact of events and decisions upon the needs, perceptions, and desires of others
- An appreciation of emotions in the decision making process
- An ability to identify and assess normative components of issues
- An ability to clarify the relationship between an issue and one's own values"

"Issues and concerns around and through which these abilities are developed must be pertinent and persistent in the lives of both students and professors. They should be issues which broaden and deepen the scope of our concern, that increase our consciousness of connections between our lives and the rest of the world." Taken from *Exploring the Human Condition*.

CORE 390-01A: Justice in the 21st Century

Daniel Finn

1-3-5 / 1-2:10 / SJU

Cross-listed with HONR 390-01A

Few issues are as fundamental to human life as justice: everyone is in favor of it. Yet few issues are as controversial: justice has different meanings for different people. This course will examine in detail six rival understandings of justice prevalent in debates today. Students will read two novels and six philosophical or theological treatments of the notion of justice in our joint efforts to come to grips with what justice means in our lives: personally and on a national and global scale. Like all Senior Seminars, the goal of this course is to improve each student's ability to make good moral judgments.

CORE 390-02A: TBA

Patricia Bolanos

1-3-5 / 1-2:10 / CSB

Description will be published in a future update when it becomes available.

CORE 390-03A: International Law & Organization: Transnational Legal Process in a Globalizing World

Anthony Ndungu

1-3-5 / 1-2:10 / CSB

When Jeremy Bentham coined the phrase "international law" in the late eighteenth century, he was merely recognizing a narrowing in the thinking of legal practitioners that was excluding non-state actors (including legal and natural individuals) from the process of making, interpreting, applying, and transforming international and transnational law. After World War II, the advent of an increasingly integrated economic, political, and cultural global order led to a revival of the concept of law-making as not restricted solely to state actors, a process described as a transnational legal process. This course investigates the growth of transnational legal processes alongside international legal processes. The course uses classic cases, and readings to look at how the two forms of legal process complement, and compete with each other across a range of issue-areas. The course ends with a discussion of how the iterative processes between the two basic types of legal process may be responsible for the diffusion of the normative underpinnings that have facilitated the emergence of a global legal process.

CORE 390-04A: Poverty, Hunger and Moral Issues

Diane Veale Jones

1-3-5 / 11:20-12:30 / CSB

Why is there poverty and hunger in the 21st Century? Who are the poor and hungry? Why are they poor and hungry? What is the impact of poverty and hunger on individuals, households, and nations?

Answers to these questions require us to examine the role of social, eco-

conomic, political, and agricultural factors as causes of poverty and hunger, and to explore the ethical questions and dilemmas associated with poverty and hunger. What approaches to ending hunger have been successful? Why? Is it possible for an individual or small group to have an impact on ending hunger and poverty? If not, do we still have a moral obligation to try?

A small group service learning project is a requirement of the course.

CORE 390-05A: Visions of the Good Life

Stephen Wagner 2-4-6 / 9:40-10:50 / SJU

This course will look at some of the most prominent moral views in the tradition of western philosophical thought. Our goal will be to consider whether these views provide adequate guides for living a good life. We will look at aspects of the moral theories of Plato, Aristotle, Thomas Hobbes, John Stuart Mill, Immanuel Kant and Albert Camus. We will also investigate a number of views which claim to offer variations or alternatives to these classical western models, such as feminist thought and virtue ethics. We will use a number of literary texts in our attempt to gain moral insight, reading *The Stranger*, *The Remains of the Day*, *Their Eyes Were Watching God* and *The Plague*. As we consider whether we can find guidance for our own lives in these readings, our focus throughout will be to develop in ourselves the ability to make good moral judgments.

CORE 390-06A: Economics & Ethics of Sustainable Societies

Joe Desjardins 2-4-6 / 9:40-10:50 / CSB

This course will analyze the ethic and economics of contemporary industrial societies and consider how such societies might become ecologically sustainable. We will examine evidence that suggests that developed economies as presently structured are not sustainable and go on to consider what the ethics and economics (both on both theoretical and practical levels) of such a sustainable society might involve.

The topics covered include the economic and philosophical underpinnings of current market systems and a critique of these underpinnings (including the flaws in neoclassical economics). We then turn to the ethics and economics of sustainable consumerism, production and business, sustainable communities, and sustainable development. Every student will be expected to present the results of a major research project to the seminar late in the semester.

CORE 390-07A: War and the Memory of War in the Last Century

Nick Hayes 2-4-6 / 2:40-3:50 / SJU

The twentieth century opened with the promise of peace and prosperity. Our last century, however, witnessed a succession of wars from its beginning to its end. This course examines how twentieth century culture came to remember and interpret the century's wars from WWI, the Spanish Civil War, WWII, the Holocaust, the Vietnam Wars, to the Wars of the ex-Yugoslavia in the 1990's. Our focus falls not on the basic history of each of these tragic events, but on how the memory of the wars shaped our culture and values. Behind our inquiries lie disturbing moral questions: How does a society reconcile itself to the knowledge of human atrocity and the legacy of total war on civilian populations? What are our moral and ethical responsibilities to remember that indeed such things happen on this earth?

Core 390-08A: Expanding Awareness and Consciousness (without drugs!)

Leigh Dillard Wednesday / 6:30-9:30 pm / CSB

This course examines how our perception of reality, and ourselves, is determined by our belief-systems and how unaware we are of our own resulting biases and blind spots. The course explores different ways of thinking and knowing from a variety of perspectives (e.g., somatics, psychology, neuroscience, the arts) and includes an experiential component combining meditation, the Feldenkrais Method, creative movement and play as means for increasing self-awareness and altering belief-systems and perceptions of reality.

ECONOMICS

ECON 359A: Cost-Benefit Analysis

John Brandl

Cost-benefit analysis is a method of assessing the costs and benefits of actions and programs, not merely for the individual or organization undertaking them but for society as a whole. It can be thought of as a way of mimicking the market in cases where a market does not exist or where market failure distorts prices. The method is usually applied to government programs. In the course we will consider the philosophical underpinnings of cost-benefit analysis and develop the techniques of this method.

The course is conducted through lectures, discussions, and student presentations on homework assignments (that typically involve calculations of costs and benefits for actual or hypothetical government projects). Homework exercises are assigned for many of the classes. Students do not turn in their work to the instructor but should be prepared to make presentations on the exercises. The typical class begins with a lecture followed by discussion and student presentations of homework exercises at the chalkboard. Lectures are informal and students are encouraged to join in or ask questions at any time. There will be a mid-course examination. At the end of the course each

student will submit a written summary and critique of a published cost-benefit analysis of his or her choice.

PREREQUISITE: ECON 332

ENGLISH

ENGL 133-01A: Reading Fiction: An Atlas of the Difficult World

Mara Faulkner

Cross-listed with HONR 250A-01A. See description under HONR 250A

ENVIRONMENTAL STUDIES

ENVR 300: Environmental Geography

Case-study based and issue-oriented approach to understanding relationships between societies and their environments from a geographical perspective. Centered on exploring how humans around the world have modified their environments, and how societies respond to environmental change. Examining these processes includes exploring the current and historical roles played by social and cultural institutions, by political and economic systems, and by forces such as development and globalization.

GENDER & WOMEN'S STUDIES

GWST 290A: Men's Studies Research

Gar Kellom

In addition to men's studies content and research methodology, students participate in three ongoing research projects in the SJU men's center: a small group social norms study of masculinity, a social norms spirituality project, and an international men's stories project. Additional projects may be developed. Class time arranged with those enrolled. May be repeated.

HISTORY

HIST 200: Sophomore Colloquium: The History of Saint John's University/College of Saint Benedict

Annette Atkins

Our two institutions are located within several historical contexts: the history of Minnesota, of religious orders, of education, of America, of gender. In addition, both SJU and CSB have their own development and history jointly and separately. Through extensive reading and original research we will explore these various rich topics together. This class is designed for probably history majors and intends to draw students into "doing" rather than "receiving" history. Much of the work will be hands on in a seminar format. Our readings will include Fr. Colman Barry, *Worship and Work* (about SJU), S. Grace McDonald, *With Lamps Burning* (about CSB) and *With Hearts Expanded* by S. Carol Berg, S. Emmanuel Renner, S. Evin Rademacher and S. Olivia Forster, (about CSB). We will plan to work, in addition, among primary documents in the archives of both institutions.

HIST 300-01A: Gandhi, Non-Violence and Islamic Movements in India

Brendan Larocque

This course will explore the life and times of one of the modern world's greatest leaders, Mohandas K. Gandhi. We will examine how Gandhi forged a long-term movement, centered on the practices of non-violence and civil disobedience, which helped bring down the mightiest empire in the world. The period of Gandhi's struggle was also a time when numerous other powerful nationalist currents, including many based on Islamic ideas and symbols, emerged in the Indian subcontinent. We will therefore look at the historical forces and people which comprised these socio-political movements, in an effort to understand the complex and intriguing ways in which Gandhi's movement intersected, combined, and conflicted with other nationalist trends. The lives of a number of Gandhi's contemporaries will be studied, as will topics including the role of political violence and non-violence, conceptions of masculinity and femininity, caste, class, and race.

HIST 300-02A: Education for Social Change: Reform Movements and Education in the U.S., 1865–Present

Julie Davis

This course will explore the role of education within American social movements since the Civil War. While tracing the history of major reform movements in this period—including those organized by farmers, workers, African Americans, American Indians, and women—we will focus on their educational concerns, philosophies, strategies, and tactics, including the founding of alternative schools. Through the lens of education, we will discover the commonalities various reform movements have shared, as well as their unique values, goals, and visions. Focusing on education will help us see what has brought reformers together, even as it reveals the conflicts that sometimes drove them apart. Together we will consider why education has been such a fundamental concern for those working for social change. We also will reflect on how our own educational histories have shaped who we are and how we see and act in the world.

HIST 389: Historiography & Methods for Social Science Majors**Ken Jones**

This course has multiple goals. At the most basic level, it is intended to make you more familiar with the history of the United States over the last 50 years, but it also raises the issue of historiography, or how the story of these decades has evolved as different people have shaped the narrative. Finally, it is designed to increase your readiness to teach High School History. My hope is that you will leave this course with more confidence in your ability to lecture and lead discussion, and with some new ideas on how to make the recent past exciting for the students you will soon be teaching.

HIST 395: Historiography & Methods: Debating Empire**Brendan Larocque**

An examination through reading and discussion of selected topics in history. This course focuses on historiography and methods. The nature of and uses of primary and secondary texts will be addressed, and the course will concentrate on the analysis and critique of the reading material.

HONORS**HONR 220A: Introduction to Economics****Louis Johnston**

Why are some countries rich and others poor? Why are some individuals rich and others poor? Is international trade harmful to the environment or helpful? What causes unemployment? Who the heck is Ben Bernanke and why should you care? Should you stay in business even if you are losing money? How much is a human life worth? This course will address these and many other issues through the lens of economic analysis. We will cover all of the material of an introductory economics and push beyond this through additional readings and quantitative sources. Bring your curiosity! (This course will be accepted as a substitute for ECON 111 – Introduction to Economics within the Economics curriculum and as an SSL.)

HONR 230C: Romantic Spirit in Music/Arts**Greg Walker**

A study of the spirit of Romantic thought in music and other art forms. Individualism, exoticism, love of nature, nationalism and the macabre all play roles in the output of the Romantic artist. A heightened sense of self worth and value of all human individuals is bound up in the same philosophy. A portion of our time will be spent on music and art forms from the 1960's, and their similarities with 19th century output. The prime goal of the course will be recognition of the Romantic spirit and style in diverse forms of music and literature.

HONR 240A: The Development of the Christian Tradition**Vincent Smiles**

An introduction to the discipline of Christian theology with a substantial focus on select themes and texts of the scriptures, such as creation, covenant, kingdom, prophets, gospel and New Testament letters. Attention is also given to the method of theological study and the development of the Christian tradition since Biblical times. Students will be introduced to Biblical Hebrew, and will learn to think critically both about the Bible and about modern theological controversies.

HONR 250A: Reading Fiction: An Atlas of the Difficult World**Mara Faulkner***Cross-listed with ENGL 133-01A*

I borrowed the title of this literature course from a long poem by Adrienne Rich, in which she asks whether poetry can help us find our way through the dangers that mark the world of the twenty-first century. We will study this poem as well as several of Rich's essays from her collection, *Arts of the Possible*. Many other writers have asked what value imaginative literature has in "a difficult world." Does it create a bridge to cross the abyss between the personal and the public, the aesthetic and the political, the *I* and the *we*? We will read the poets, fiction writers, and essayists listed on the calendar and others of your choosing. You will add your voices to this conversation by doing many kinds of writing—a poetry anthology, a personal essay, and a critical/analytical essay. I will also give frequent short written assignments which will become the springboards into each day's discussion. I hope we will often find ourselves in deep water! There will be a written mid-term exam and an oral final exam. I will ask you to present some of your work to the class, raise questions, bring your experience of the world to bear on what we read, help each other improve as writers, and be actively engaged in all course activities.

HONR 250D: Ethical Thinking**Nick Hayes**

Course examines the ethical issues and dilemmas of contemporary global issues. Its topics includes the HIV/AIDS pandemic, religious and ethnic conflict, immigration, economic development, and the global labor force. Special emphasis falls upon the representation of these issues in the media.

HONR 310: Great Books/Ideas**Dennis Beach**

This is a year-long discussion based seminar that concentrates on some of the world's greatest works of literature, philosophy, and intellectual history. Authors may include Augustine, Euripides, Austen, Thoreau, Biblical writers, Camus, Dostoevsky, Tolstoy, Eliot, Faulkner, Pynchon, Freud, Homer, Kafka, Flaubert, Melville, Dinesen, Flannery O'Connor, Plato, Nabokov, Shakespeare, Cervantes, Virginia Woolf, and others. Preference will be given to Junior and Senior honors students who will complete the entire year. Registration is by permission of the instructor only. All students in this course purchase a personal library consisting of roughly 100 books, and students are required to read a number of works during the summer.

HONR 320B: Intercultural Communication**Jeanne Cook**

An examination of the relationship between communication and culture. Communication theory is used to identify and explore barriers and opportunities in communicating with individuals from different cultures and co-cultures. Skills necessary for communication across cultures are identified and developed. Topics covered include worldview, ethnocentrism, perception, language, nonverbal cues, gender, sexual orientation, power, multi-cultural identities, educational systems, approaches to health and healing, culture shock and acculturation, intercultural competence, and intercultural ethics.

HONR 340B: Christianity in Relation to Judaism**John Merkle***Cross-listed with HONR 350C*

This course explores the Jewish tradition, the emergence of Christianity within and from that tradition, the de-Judaization of Christianity, traditional Christian teachings about Judaism, anti-Jewish formulations of Christian faith, contemporary Christian affirmations of Judaism's abiding validity, and the implications of these new affirmations for Christian self-understanding and for Christian-Jewish relations.

HONR 340E: The Jewish Encounter with Jesus and Christianity**Barry Cytron***Cross-listed with HONR 350E*

An exploration of the theological and historical encounters between Judaism and Christianity, from the emergence of both Christianity and Judaism out of biblical religion, the disagreements and distancing one from the other over the centuries, but culminating in the late 20th century in efforts at rapprochement and mutual acceptance.

HONR 350B: Morality & Human Nature**Charles Wright**

Humans have wondered about the basis of human morality since the beginning of recorded history. Some have argued that human morality is innate, a kind of "moral instinct;" others that it is a product of society; yet others that it is based on human rationality. Typically these three perspectives have been thought to be mutually exclusive and in competition with one another. This class will consider whether they might actually be compatible. For this purpose, we will study writings from several sources. One will be the tradition of evolutionary ethics, whose advocates suggest that human morality is at least in part the product of natural selection. Humans with a certain propensity for fair play, the argument goes, are more likely to survive and reproduce than those lacking this propensity. But evolution is also a cultural process. So we will also be reading the works of philosophers and social theorists who examine how moral values have evolved over time. Finally, we'll also consider basic philosophical investigations into the rational roots of morality. By integrating all three perspectives on morality, we'll be able to develop a robust understanding not only of how humans are "naturally" moral animals, but also of how it is possible for humans to behave badly as often as we do.

Few issues are as fundamental to human life as justice: everyone is in favor of it. Yet few issues are as controversial: justice has widely divergent meanings for different people. This course will examine in detail five rival understandings of justice prevalent in debates today. Students will read two novels, and five philosophical or theological treatments of the notion of justice in our joint efforts to come to grips with what justice means in our lives: personally and on a national and global scale. Like all Senior Seminars, the goal of this course is to improve each student's ability to make good moral judgments.

MANAGEMENT

MGMT 305: Marketing Research

This course introduces methods for collecting and analyzing data to solve marketing problems. Topics include research design, secondary and primary data collection, sample design and data analysis.

PREREQUISITE: MGMT 321

MATHEMATICS

MATH 340: Applied Optimization

This course is in the same spirit as Math 315 - Operations Research but with a different selection of topics. Students will be able to take both courses if they wish, in either order. The material we will cover is very applications-driven, where the applications will tend to be from fields other than the natural sciences.

Consider the following variety of situations: You are setting up a mail order operation and need to decide how many telephone agents should be scheduled at various times and how many customers can be placed on hold at a time. Or you run a warehouse and need to decide when to reorder merchandise – ordering too frequently may lead to overstocked inventory, but ordering too late may lead to customers being turned away because you don't have the desired items in stock yet. Perhaps you are a track coach and have to decide which team members to place in which events, based on your knowledge of the strengths of your and other team's players, knowing that the other coaches are trying to guess your strategy just as you are trying to guess theirs. Or, in a manufacturing operation, you are trying to allocate resources in an optimal way.

Each of these problems can be addressed using different kinds of mathematics. Each one calls for a value judgment as to what is meant by "optimal" and then a mathematical method for determining the optimal course of action. We will draw on calculus, matrix algebra, and probability theory as our main tools, in conjunction with the optimization software LINDO on our computer network.

MILITARY SCIENCE

MILS 210: American History I: 1609-1918

Jacob Froehle

The course has been designed to give Army ROTC cadets a basic understanding of military operations in America from colonial times through World War I. Upon completion of this course, students will be able to employ America military history as a tool for studying military professionalism and for applying critical-thinking and decision making skills to military problems while pursuing their education as officers in the United States Army. The course will focus on weapons technology, lessons learned from combat operations, and conceptual improvements made with regard to the way the United States military fights. The course is open to all students with priority going to those enrolled as cadets in the ROTC program.

MODERN AND CLASSICAL LANGUAGES

FREN 352: Les Français Adoptifs

Ned Dubin

For over a thousand years, people have been drawn to France. Once mostly a magnet for Western Europeans, today people come there from her former colonies in Africa and the Far East. Writers, philosophers, artists, musicians, performers and politicians have made France their home and spent their productive years turning out works that have done more than shape French culture, they have become part of it. Today we think of these people more as French than as the nationality they were born to. And the trend continues. We will study a number of famous people who in various eras lived in France and whose work many French now claim as their own, though the person who produced it may have never quite assimilated to his new home. The class will end with a study of the position of the generation of Algerian immigrants and their children.

FREN 354: Les Tragediens Classiques-Corneille et Racine

Charles Villette

The course will cover some historical and socio-cultural aspects of the XVII century, concentrate on the "règles des trois unités" and study in depth Corneille's tragedies Le Cid et Horace and Racine's tragedies Andromaque et Phèdre.

NUTRITION

NUTR 230: Cultural Foods

Elizabeth Tilak

The meaning and significance of food in different cultures will be identified by exploring the way that climate, ethnicity, gender, socioeconomic status and religion influence food choices and preferences. A special focus will be placed on how food impacts health and nutritional status of various populations. The

experience of tasting foods and practicing food preparation techniques from a variety of traditions will be part of the class.

PEACE STUDIES

PCST 345A: Literature of Conflict

Rene McGraw

Cross-listed with PHIL 345A. See course description under PHIL

PCST 368: Religion, Society & Politics

Ron Pagnucco

Cross-listed with CORE 369F.

Recent developments in the United States and other parts of the world have led observers to look closely at religious groups' beliefs and activities concerning the state, society and sociopolitical issues like cultural diversity and war and peace. In this course we will examine the Judeo-Christian tradition and address such questions as: What is the relationship between religion and ethnicity and religion and nationalism? What is religious fundamentalism? How do various groups view their relationship with the state and the broader society? What kinds of social and political goals do religious groups have and how do they try and achieve them? We will try to answer these and other questions through the study of historical and sociological case studies and selected religious texts reflecting the range of belief and practice in the Judeo-Christian tradition.

PHILOSOPHY

PHIL 345A: Literature of Conflict

Rene McGraw

Cross-listed with PCST 345A.

We all seem fixed in what seems real to us in our world. Is it possible for art—music, literature, sculpture, painting, photography, cinema—to shift our gaze, to see what we have not before seen? Even if art shifts our gaze, can it have a lasting effect on the way that we live in a world of conflict? Does art look to make people change their lives or only to let us see what we had not before seen? Or is it mainly concerned to prevent us from forgetting what we have once seen? Are the arts able to help us live more peacefully in a world of violence? The philosophical text for this course will be mainly Martin Heidegger's *Origin of the Work of Art*. This text will be joined to poetry and novels and other forms of artistic expression.

PHYSICAL EDUCATION

PHED 277: Exercise Techniques II

Don Fischer

In this course, students will apply concepts presented in PHED 257 & 258 and learn to instruct and demonstrate proper resistance training and plyometric techniques. Students enrolled in this course will actively participate in resistance and plyometric exercise and will be required to demonstrate competency in instructing specified techniques.

PREREQUISITE: PHED 257 and 258

PSYCHOLOGY

PSYC 393-01A: Psychology & the Environment

Richard Wielkiewicz

Oskamp (2000) writing in the flagship journal, *American Psychologist*, stated "[u]rgent changes to human lifestyles and cultural practices are required for the world to avoid ecological disaster, and psychologists should lead the way in helping people adopt sustainable patterns of living" (p. 496). The purpose of this senior seminar is to examine psychology's role in leading society toward a more sustainable existence. Applying a psychological perspective to environmental issues will enable course participants to take an integrative look at many aspects of human psychology including ethics, learning, the role of the media, development, social, abnormal, organizations, and health. The course will also provide an opportunity to display the critical thinking and writing skills developed during your liberal arts education here.

PSYC 393-02A: Criminal Investigative Analysis: Profiling, Psychological Autopsies, and Hypnosis

Aubrey Immelman

Psychology Seminar involves detailed consideration of a special topic and requires seminar participants to prepare and present a major paper. This section is designed to help senior psychology majors integrate diverse psychological concepts, principles, theories, and methods to the applied area of criminal investigative analysis, focusing on psychological profiling, psychological autopsies, and hypnosis.

Course topics will be drawn from most cognate areas of the discipline, including biological foundations of behavior; sensation and perception; consciousness; learning and memory; cognition; psychological assessment; motivation and emotion; human development; personality psychology; psychopathology; psychotherapy; and social psychology.

Profiling employs psychological science to determine the psychological makeup and predict the behavior of a person posing a threat to national security or to help identify a fugitive criminal.

The *psychological autopsy* (equivocal death analysis) is a form of profiling to help establish manner of death (natural causes, accident, suicide, homicide) in ambiguous cases.

Forensic *hypnosis* is used primarily to aid the memory recall of crime victims or witnesses.

PREREQUISITE: Senior standing and 20 credits in psychology

SOCIOLOGY

SOCI-367: ENVIRONMENTAL SOCIOLOGY

James Makepeace

The purpose of this course is to examine the linkages between human social behavior and the natural environment. The insights, or lack thereof, of major classical thinkers about the human/environment linkage will be considered as will be pertinent applications of the human ecology, social movement, critical, systemic, and social constructionist traditions. The major premise of the course is cultural determinism--that features of human culture, such as norms and institutional arrangements, are principle determinants of the impact of humans on the natural environment and vice versa. Problematic aspects of major natural areas and processes will be considered from this culturally deterministic perspective.

STUDY ABROAD COURSE DESCRIPTIONS

GENERAL TO VARIOUS PROGRAMS:

MGMT 389: Study Abroad Experiential Learning

This course is designed for students participating in Study Abroad. Reading relevant to understanding business in the international environment will be assigned. Students will write a series of essays integrating their knowledge of theory with their personal observations and reactions. Particular emphasis will be placed on the impact of culture on business. The course will be taught by a professor at CSB/SJU using distance learning to maintain contact with students located in a variety of countries.

THEOLOGY

THEO 309A: Religion and Politics in Homer and the Hebrew Bible

Dale Launderville

Cross-listed with CORE 309A (pending JC approval)

Images and stories about God or the gods shaped the imaginations of the people of Greece and Israel and have had a profound impact on Western civilization. This course will compare the numerous divine images in Homer's Iliad and Odyssey with those in the Hebrew Bible and examine the ways in which religious language and beliefs shaped the political and social life of these ancient communities and continue to do so in communities shaped by the Jewish and Christian traditions.

THEO 339A: Discernment and Christian Decision Making

Marian Diaz

Cross-listed with CORE 339A (pending JC approval)

This course introduces participants to the teachings on discernment found within the Christian tradition. The topic of discernment will be considered both as a way of life and as a specific process for vocational decision-making. Participants will apply discernment principles in differing contexts through course assignments and class activities such as discussion of case studies and reflection on personal experiences.

THEO 349A: Family, Church, and Society

Kari-Shane Davis

Cross-listed with CORE 349A

Drawing on historical, sociological, and religious sources, this course introduces students to a range of perspectives concerning the intersection of family, church and society, focusing on issues such as cohabitation, marriage, divorce, homosexuality, and gender roles.

THEO 369A: The Jewish Encounter with Jesus and Christianity

Barry Cytron

Cross-listed with CORE 360E (pending JC approval)

An exploration of the theological and historical encounters between Judaism and Christianity, from the emergence of both Christianity and Judaism out of biblical religion, the disagreements and distancing of one faith from the other over the centuries, but culminating, in the late 20th century, in efforts at rapprochement and mutual acceptance.

THEO 395: Advanced Seminar in Theology

Mary Reuter

Students will explore the origins and essentials of Benedictine spirituality with a focus on the early desert ammas and abbas and St. Benedict of Norcia, the founder of Western monasticism. Special attention will be given to how this spirituality is expressed in the lives of the monastics today, particularly at Saint Benedict's Monastery and Saint John's Abbey. Students will be enabled to envision for themselves and others how the principles of Benedictine spirituality can be incorporated into their lives, whatever their vocation might be.

SCHOOL OF THEOLOGY

MONS 468-01A: Reading Religious Images

Timothy Verdon

Cross-listed with SPIR 468-01A

The course will examine the liturgical contextualization of specific images and programs of images. The content of the course will address the theology of the use of images, the relationship to liturgy, general reflections on sacred architecture and on influential contexts such as monasticism.

SPIR 468-01A: Reading Religious Images

Timothy Verdon

Cross-listed MONS 468-01A—See Description above

SSNT 468-01A: Bible: Image and Text—WEB

Michael Patella

At the foundation of Christian Civilization lies the Bible. The Word of God not only has been a source of salvation for millions, but it has also been a fount of inspiration for myriads of artists, poets, and musicians. Is there a connection between biblical exegesis and art? Using the Saint John's Bible as a model, this course will put the tradition of biblical manuscript illumination in dialogue with the historical-critical method of interpretation. The premise of this course is that the artistic imagination, when in dialogue with biblical scholarship, can lead to new insights and interpretation of Sacred Scripture.

VERIFICATION OF MAJOR & MINOR STUDY FIELDS

It is important for planning that CSB and SJU have accurate, up-to-date information about their undergraduates' major and minor field of study; these choices change from term to term.

CORE CURRICULUM REQUIREMENTS

The purpose of the Core Curriculum is to provide students with a foundation and the intellectual tools necessary to examine the fundamental, recurring questions about ourselves and our world. These questions challenge students to broaden their interests and explore a variety of academic areas. Striving to ask those questions well and make good moral and ethical judgments about them is at the heart of our colleges' mission.

The Core Curriculum is composed of four levels of requirements:

1. Proficiency-based requirements

Foreign language proficiency

Students demonstrate proficiency in speaking or reading a classical or modern language through satisfactory completion of the language proficiency exam or through satisfactory completion of Modern/Classical Language 211 (with any passing grade).

Mathematics Proficiency

Students demonstrate proficiency in elementary algebra and geometry through satisfactory completion of the mathematics proficiency exam or calculus readiness exam.

First Year Students beginning Fall 2001 must complete the Fine Arts Experience requirement by attending 8 designated Fine Arts Experience Events—four events per semester.

2. Cross-Disciplinary courses

First-Year Symposium (2 courses)-- CORE 100 & 101, or HONR 100 & 101

Senior Seminar--CORE 390, or HONR 390 only. Education majors can complete EDUC 390 and SWRK majors can complete SWRK 390. Ordinarily completed during Senior year. Cannot be repeated for credit. Both semesters of First-Year Symposium must already be completed.

3. Disciplinary courses

Only courses which are designated within the course title by the appropriate symbol (FA, HML, MT, JC, etc) may be used to complete the following disciplinary requirements.

FA	(4 credits)	Must be from courses that are designated as fulfilling Fine Arts
HML	(2 courses)	Must be from different departments or disciplines (ex. Not two literature courses even if they are from different department)
TH	(1 course)	Must be 100 level theology course.
HMU	(1 course)	Must be from the same discipline as one HML or TH already completed. Cross listed courses only fulfill either the HMU or the JC, but not both disciplinary requirements.
JC	(1 course)	May be satisfied only after the TH and one HML course is completed. Cross listed courses only fulfill either the HMU or the JC, but not both disciplinary requirements.
MT	(1 course)	Must have satisfied the Math Proficiency before the completion of the course.
NS	(2 courses)	Must be from different departments (unless NATS, COLG, HONR or ENVR).
SSL	(1 course)	Must be 100 level.
SSU	(1 course)	Must have completed the SSL course first.

4. Flagged courses

Courses may carry 1 or more flags, in addition to meeting Core disciplinary or Major requirements. Flagged courses are specific to the instructor and term. Flagged courses are listed in the Class Schedule and updated lists are posted at the Office of the Registrar.

Gender Perspectives (1 course)

Global Perspectives (1 course)

Quantitative Reasoning (1 course) Must have satisfied Math Proficiency before completing the course.

5. Physical Education requirement

PHED 117 Skills for Healthy Living – 1 credit (**Required for students who began as First-Year Students from Fall 2000-Fall 2003**)

Consult the Catalog for further details of the Core Curriculum requirements.

CSB/SJU Summer 2006

Undergraduate Course Offerings

- ⇒ Students will be billed approximately \$340.00 per credit for 2006 summer classes plus any appropriate lab or other fee
- ⇒ Students enrolling in a summer term course to complete their degree requirements will be awarded a degree on August 31st, 2006.
- ⇒ Grades will be run the end of August for all summer courses and available via WEB Self Service.
- ⇒ Students should go to the Registrar's Office on either campus to register for on-campus courses. Registration for on campus courses will begin on January 10th, 2004 and ends on April 26th.
- ⇒ Students should contact the Faculty Moderator to register for off-campus courses.

SUMMER 2006 INTERNSHIPS FOR CREDIT

All CSB/SJU students who plan to do an Internship for academic credit during Summer of 2006 are required to attend a one-hour Legal and Professional Issues session offered in April of 2006. Check with the Internship Office (Academic Services Building, phone 5799) for exact dates. All internships which take place during the summer must be registered under the Summer term not under the preceding Spring semester or the following Fall semester.

You will not be registered for your internship until the Registrar receives your completed Registration for Internship-Preliminary Learning Contract form with all required signatures. This form and other required legal forms can be obtained from the Internship Office. Check the Internship Program website (www.csbsju.edu/internship) for information on other requirements. The last day to register for a Summer 2006 Internship is Friday, May 5th. Registration after this date requires approval of the Internship Program Coordinator.

Contact Student Accounts for information regarding cost of tuition for summer internships

REMEMBER TO CHECK OUT THE COURSE OFFERINGS FOR SUMMER 2006!

The following is a brief summary of the courses being offered through CSB / SJU for summer term. A complete listing with times, instructors, courses descriptions, and fees is published on the Registrar's Office website: <http://www.csbsju.edu/registrar/Terms/063/063schedule.pdf>

			14 Last Day of Classes	15 STUDY DAY (Fri) Day 1 EXAMS (Sat)

Most classes are scheduled to meet on either odd days (1-3-5) of the cycle, or on even days (2-4-6). As a result, your classes generally meet every other day. Most likely, you will be registered for four 4-credit classes. Classes (with occasional exceptions--such as Art studios) generally meet for 70 minutes. A 30 minute break between the ending and beginning of periods allows you to easily schedule back-to-back classes, even on both campuses!
