REQUEST FOR INFORMATION Re: Emotional Support Animal

(The health care provider need not use this specific form, but all the information requested here is necessary for the institution to have in order to consider the request for an ESA; the form is provided as a convenience.)

Student's Name: _____

Re: Proposed ESA (if identified): _____

Name: _____

Type of animal: _____ Age of animal: _____

- Primary Care/Family Physician
- Single Session Provider
- Counselor/Psychotherapist
- Psychiatrist
- Crisis Intervention/Trauma Therapy
- File Review
- Other: _____

The above-named student has indicated that you are the health care provider who has suggested that having an Emotional Support Animal (ESA) in the residence hall will have therapeutic benefit in alleviating one or more of the identified symptoms or effects of the student's mental health disability. Generally, we prefer documentation from providers in the State of Minnesota or the student's home state who have personal knowledge of the student, consistent with their professional obligations. Letters purchased from the internet for a set price rarely provide the information necessary to support an ESA request.

The Federal Trade Commission (FTC) has been asked to investigate websites that purport to provide documentation from a health care provider in support of requests for an ESA. The websites in question offer for sale documentation that is not reliable for purposes of determining whether an individual has a disability or disability-related need for an ESA because the website operators and health care professionals who consult with them lack the personal knowledge that is necessary to make such determinations.

So that we may better evaluate the request for this accommodation, please answer the following questions:

Information About the Student's Disability

1. Federal law defines a person with a disability as someone who has a physical or mental impairment that **substantially limits** one or more major life activities. That suggests that a diagnosis (label) does not necessarily equate with a disability (substantial limitation). What is the nature of the student's mental health impairment (that is, how is the student **substantially limited?**)

2. Below is a list of major life activities, please identify all that apply:

Life Activity	Functional Limitation	Degree of limitation
<input type="checkbox"/> Activities of Daily Living		<input type="checkbox"/> Mild <input type="checkbox"/> Moderate <input type="checkbox"/> Substantial
<input type="checkbox"/> Climate/Environment		<input type="checkbox"/> Mild <input type="checkbox"/> Moderate <input type="checkbox"/> Substantial
<input type="checkbox"/> Communication/Social Interaction		<input type="checkbox"/> Mild <input type="checkbox"/> Moderate <input type="checkbox"/> Substantial
<input type="checkbox"/> Eating		<input type="checkbox"/> Mild <input type="checkbox"/> Moderate <input type="checkbox"/> Substantial
<input type="checkbox"/> Self-Care		<input type="checkbox"/> Mild <input type="checkbox"/> Moderate <input type="checkbox"/> Substantial
<input type="checkbox"/> Sleeping		<input type="checkbox"/> Mild <input type="checkbox"/> Moderate <input type="checkbox"/> Substantial
<input type="checkbox"/> Stress management		<input type="checkbox"/> Mild <input type="checkbox"/> Moderate <input type="checkbox"/> Substantial
<input type="checkbox"/> Other:		<input type="checkbox"/> Mild <input type="checkbox"/> Moderate <input type="checkbox"/> Substantial

3. Does the student require ongoing treatment?

4. When did you first meet with the student regarding this mental health diagnosis, and in what context (that is, was it a face-to-face meeting or a virtual interaction)? _____

5. When did you last interact with the student regarding this mental health diagnosis?

Information About the Proposed ESA

(Please note that there are some restrictions on the kind of animal that can be approved for the residence hall; it is possible the student may be approved for an ESA, based on the information you provide here, but may not be allowed to bring the specific animal named.)

6. Is the animal named here one that you specifically prescribed as part of treatment for the student, or is it a pet that you believe will have a beneficial effect for the student while in residence on campus?

7. What specific symptoms will be reduced by having an ESA, and how will those symptoms be mitigated by the presence of the ESA?

8. Is there evidence that an ESA has helped this student in the past or currently?

Importance of ESA to Student's Well-Being

9. In your opinion, how important is it for the student's well-being that an ESA be in residence on campus? What consequences, in terms of disability symptomology, may result if the accommodation is not approved?

10. This student was provided with a copy of the rules and restrictions surrounding the presence of an animal in residence in the University housing. Has the student shared those restrictions with you? Yes/No

11. Have you discussed the responsibilities associated with properly caring for an animal while engaged in typical college activities and residing in campus housing? Do you believe those responsibilities might exacerbate the student's symptoms in any way? (If you have not had this conversation with the student, we will discuss with the student at a later date.)

Thank you for taking the time to complete this form. If we need additional information, we may contact you at a later date. The named student has signed this form (below) indicating written permission to share additional information with us in support of the request.

We recognize that having an ESA in the residence hall can be a real benefit for someone with a significant mental health disorder, but the practical limitations of our housing arrangements make it necessary to carefully consider the impact of the request for an ESA on both the student and the campus community.

Please provide contact information, sign and date this questionnaire (below), and return it to

Please return this form, along with any supporting documentation to:
