

Faculty/Staff in select roles will have access to view their students' responses on the INFO tab in the student folder. You can also use the Intake Tab under Students to review and filter the responses for your students.

Let's get to know you better

We want to get to know you better so we can help you achieve your goals. Please answer the questions below.

Academic and Personal Interest Inventory

This form helps your advisor and other key CSB/SJU staff gather information to help us in supporting you in your academic journey. Please answer the following questions to help us learn about your current interests, goals, and plans for college. This information will help us to support you more effectively in your academic journey. This inventory should take ten minutes or so of your time to complete.

You may not know the answer to some questions yet, and your answers may evolve over time. That is part of the college journey! We simply wish to get an idea of your goals, your hopes and dreams as well as any questions you may need to ask or resources that you may benefit connecting with.

The answers you provide in this survey may be used by your faculty advisor, residential life staff, and other professionals on campus as they get to know you and support you individually. In addition, your answers, combined with other students' answers, will help us identify patterns and develop programs to serve students' needs.

Self Assessment

1. What are you most excited about or looking forward to this year at CSB/SJU?

2. What do you anticipate will be your biggest challenge or adjustment this year at CSB/SJU?

3. Which of these areas reflect your strengths?
