- Relationship between laws
- What about FERPA?
- MN State Law
No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance.

20 U.S.C. § 1681
Title IX Basics

- Prohibits gender discrimination in education programs and activities
- Applies to students, employees, volunteers, etc.
- Includes sexual harassment
# Sexual harassment = conduct on the basis of sex

Essential Compliance Elements

**Institutions must:**

- Respond promptly in a manner that is not “deliberately indifferent”
- Investigate formal complaints
- Follow and publish the grievance process outlined in the regulations
- Take action to stop the harassment, prevent the recurrence, and remedy the effects
- Designate a Title IX Coordinator
- Publish a Notice of Nondiscrimination
- Disseminate a policy prohibiting sex discrimination
- Offer supportive measures
- Conduct training for Title IX personnel and those with heightened responsibilities
- Train students and employees
A recipient with actual knowledge of sexual harassment in an education program or activity of the recipient against a person in the United States, must respond promptly in a manner that is not deliberately indifferent. A recipient is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

When does Title IX apply?

• Defining sexual harassment
• Defining education program or activity
• Parties’ relationships with the institution
• When Title IX does not apply
Sexual harassment =
conduct on the basis of sex that satisfies at least one of the following:

<table>
<thead>
<tr>
<th>Quid Pro Quo</th>
<th>Hostile Environment</th>
<th>VAWA Crimes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employee conditions an outcome on an individual’s participation in unwelcome sexual conduct</td>
<td>Unwelcome conduct that is so severe, pervasive, and objectively offensive that it denies a person equal access to a program or activity</td>

<td></td>
<td>Dating Violence</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Domestic Violence</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Stalking</td>
</tr>
</tbody>
</table>
Hostile Environment Considerations

- Perspective of a “reasonable person” (consider age, abilities, positions of authority, etc.)
- Is it “severe, pervasive, and objectively offensive”?
- Does the conduct deny “equal access”? Does not need to be a total or complete loss of access, but equal?
- Consider the type of misconduct, how often it happened, where it took place, etc.
Examples of Sexual Harassment

- Unwelcome sexual flirtations, advances, touches, or propositions
- Verbal abuse of a sexual nature
- Requests for sexual favors
- Recording video or photographs of a sexual nature without consent
- Cyber harassment
- Punishing or threatening to take adverse action against a subordinate or student for refusing to comply with sexual demands
Sexual Assault

Any sexual act directed against another person, without the consent of that person, including instances where the individual is incapable of giving consent.

**Rape:** Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without their consent, including instances where they are incapable of giving consent because of age or temporary or permanent mental or physical incapacity.

**Fondling:** The touching of the private body parts of another person (buttocks, groin, breasts) for the purpose of sexual gratification, forcibly and/or against that person’s will (non-consensually), or not forcibly or against the person’s will in instances where the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

**Incest:** sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
Sexual Assault contd.

Any sexual act directed against another person, without the consent of that person, including instances where the individual is incapable of giving consent.

Statutory Rape: Nonforcible sexual intercourse with a person who is under the statutory age of consent

Sexual assault with an object: The use of an object or instrument to penetrate, however slightly, the genital or anal opening of the body of another person, forcibly and/or against that person’s will (non-consensually) or not forcibly or against the person’s will in instances where the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

Sodomy: Oral or anal sexual intercourse with another person, forcibly and/or against that person’s will (non-consensually), or not forcibly or against the person’s will in instances where the Complainant is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
Consent

Institutions are not required to maintain a particular definition of consent; however, they should include a definition in their policy.

Consent is words or overt actions by a person clearly and affirmatively communicating a freely-given, present agreement to engage in a particular form of sexual contact.
Incapacitation

- An individual’s physical and/or mental inability to make informed, rational judgments
- Incapacitated individuals cannot give consent to sexual contact
- Intoxication vs. Incapacitation
- Examples include: sleep, unconsciousness, or intermittent consciousness
- Signs include: slurred speech, difficulty walking, vomiting
- May also exist due to mental or developmental disability
- Frequent decision point for adjudicators: 1) Was the complainant incapacitated; and 2) did or should the respondent (or a reasonable person) know/have known?
Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the Complainant. The existence of such a relationship shall be determined based on the Complainant’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

• Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.

• Dating violence does not include acts covered under the definition of domestic violence.
Domestic Violence

A felony or misdemeanor crime of violence committed:

• By a current or former spouse or intimate partner of the Complainant;
• By a person with whom the Complainant shares a child in common;
• By a person who is cohabitating with, or has cohabitated with, the Complainant as a spouse or intimate partner;
• By a person similarly situated to a spouse of the Complainant under domestic or family violence laws;
• By any other person against an adult or youth Complainant who is protected from that person’s acts under domestic or family violence laws.
Stalking

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others; or suffer substantial emotional distress.

Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person’s property.
Sexual exploitation

A form of sexual harassment that involves one or more of the following behaviors committed for any purpose, including sexual arousal or gratification, financial gain, or other personal benefit:

• taking sexual advantage of another person without consent;
• taking advantage of another’s sexuality; or
• extending the bounds of consensual sexual contact without the knowledge of the other individual.

What are some examples of sexual exploitation?
Retaliation

Any intimidation, threats, coercion, or discrimination against any individual because the individual has made a report, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing.
Education Program or Activity under Title IX

What does it mean?

• Locations, events, or circumstances...
• On or off campus...
• Over which the institution exercises substantial control over the context in which the harassment took place.

Additional requirements:

• Must have occurred within the United States.
• Includes conduct that occurred in any building owned or controlled by an officially recognized student organization.
• Institution must also have exercised substantial control over the responding party.
## Parties’ relationship with the institution

<table>
<thead>
<tr>
<th>Reporting Party</th>
<th>Responding Party</th>
<th>What about a reporting party from outside the institution who reports against a current student or employee?</th>
</tr>
</thead>
<tbody>
<tr>
<td>Must be participating or attempting to participate in the institution’s education program or activity at the time of filing a Formal Complaint.</td>
<td>An institution’s ability to take disciplinary action under Title IX is limited when the Responding Party is not affiliated with the institution.</td>
<td><em>But... should still consider appropriate action steps to facilitate reporting party’s participation in education programs and activities.</em></td>
</tr>
</tbody>
</table>

*Broad interpretation of “participating or attempting to participate in”*
A Note about Sex-Based Discrimination

Discrimination based on sex or gender (i.e., adverse or preferential treatment based on someone’s sex, gender identity, sexual orientation, etc.) is still prohibited under Title IX; however, institutions are not obligated to implement all the same Grievance Process requirements as stated in the regulations in order to address and/or investigate those types of concerns.
When Title IX does not apply

• Conduct that occurs outside the US; however, VAWA might still apply in these instances
• Sexual harassment that is not sufficiently severe, pervasive, and objectively offensive
• Sexual harassment that occurs outside an institution’s education program or activity
Which process should we use?

Does the allegation fit under Title IX?
If not Title IX, what about VAWA?

Consider:

| The severity of the allegation (severe, pervasive, AND objectively offensive?) | Where it occurred (on/off campus, US or abroad, etc.) | The roles of the involved parties (students, visitors, employees, alumni, etc.) |
How might this change with the new regulations?

- **Scope**: covers all forms of gender discrimination impacting educational environment regardless of location of incidents
  - Distinction between sex-based harassment and sex-based discrimination
- **Training**: more flexibility
Creating and implementing your policies and procedures

- General recommendations
- Options for structuring your policy/procedures
- Required policy definitions & elements
- Additional best practice recommendations
General recommendations

- Be intentional about who helps craft/revise your policies and procedures (Title IX Coordinator should be central)
- Gather input from key stakeholders whenever possible – helps with buy-in down the road
- Internally maintain previous policies
- Ensure your Title IX policy doesn’t conflict with or contradict any other existing institutional policies
- Plan for community-wide education about any updated policies
- Policies should be published, easily accessible, and posted widely. Be diligent about removing old policies from websites, resources, materials, etc.
  - Include updated policies on the website and all handbooks/catalogs provided to applicants for admission and employment
- Use easily understandable language
Structuring your policy and procedures

Title IX vs. Non-Title IX sexual harassment

Different processes, or keep as similar as possible?
What about allegations of VAWA crimes?

Considerations:

- Barriers to reporting
- Clarity / minimizing confusion
- Equity
- Institutional mission
- Cost
- FERPA interaction
- Consistency with other campus processes

Best Practice Recommendations

- Templates
- Conversation checklists
- Case tracking system
- Amnesty policy*
- Informal resolution
- Consensual relationships
- Student & community reviewers
Title IX personnel roles and responsibilities

- Title IX Coordinator role and responsibilities
- Role of the investigator
- Role of decision-makers
- Role of advisors
Title IX Coordinator: Role and Responsibilities

Must designate at least one Title IX Coordinator

Should have significant autonomy and seniority

Consider how the Coordinator best fits into the institution’s organizational chart

- Creates and implements legally compliant policy and procedures
- Oversees response to reports and formal complaints as well as informal and grievance procedures
- Implements supportive measures and facilitates connection to resources
- Ensures sanction and remedy compliance
- Training oversight
- Recordkeeping
Investigator: Role and Responsibilities

• Can be internal or external
• Burden to collect sufficient evidence
• Conducts fair, prompt, and impartial investigations
  • Identifies witnesses and evidence
  • Provides parties opportunity to submit evidence
  • Identifies factual issues
  • Maintains records, recordings, etc.
  • Creates an investigation report
• Works in coordination with the Title IX Coordinator, particularly around evidence and report review
• Maintains impartiality and avoids bias
• Receives annual training
Decision-makers: Role and Responsibilities

Hearing Panel Members & Adjudicator(s)

• Attends and conducts a live hearing
• Determines whether the institution’s policy has been violated under the appropriate standard of evidence
• Determines sanctions, if necessary
• Writes a Notice of Decision that includes a rationale for the finding
• Avoids bias and conflicts of interest
• Receives annual training

Appeal Officer(s)

• Determines a ruling on a party’s appeal by reviewing appropriate investigation/hearing materials
  • Not a “re-do” of the investigation
• May meet with parties
• Writes a Notice of Decision that includes a rationale for the outcome
• Avoids bias and conflicts of interest
• Receives annual training
Conflicts of Interest

- Biases for or against reporting or responding parties individually or generally
- A material connection to the parties, witnesses, or issues that would cause a reasonable person to question partiality
- Immediately disclose any potential conflicts of interest to the Title IX Coordinator
- Conflicts of interest may be raised on appeal
- Incorporate an avenue for parties to raise potential conflicts of interest early in the process
Avoiding Bias

Bias = tendency to like or dislike; may involve stereotypes

Might be implicit

Avoid prejudgment of the facts
Frequent implicit biases

- Race
- Gender
- Gender identity
- Gender expression
- Sexual orientation
- Religion
- National origin
- Ethnicity
- Age
- Disability
- Marital status
- Veteran status
Conflict, or not?

- Complainant is a star athlete and her coach is a member of the panel pool.
- Respondent worked with one of the decision-makers on a potential conduct violation.
- Susan, the investigator, majored in Women and Gender Studies as an undergrad.
- Complainant is an Econ major, and one of the decision-makers is an Econ professor.
Advisors

• Advisors assist parties throughout the process; can be attorneys, advocates, friends, family members, mentors, etc.
• Parties have the right to an advisor of their choice
• Advisors may attend meetings and interviews with the party
• If a party does not have an advisor, the institution must provide an advisor to conduct cross-examination on the party’s behalf **during the hearing**. These advisors are not required to be trained
• Consider Advisor Guidelines for both the general process as well as the hearing
• What if an advisor is being overtly disruptive or not adhering to your Advisor Guidelines?
Oversight of reports and Grievance Procedures

- Employee reporting requirements
- Responding to a report
- Starting the Grievance Process
- Dismissal
- Rights of the parties
- Emergency removal and administrative leave
- Notice of Allegations
- Informal process
- The investigation
- Directly related evidence review
- Investigation report and review
- The hearing
- Making a determination
- Sanctions
- Notice of Decision
- The Appeal process
- Steps once the Process is over
Reporting Methods

- Direct communication from the reporting party to the Title IX Coordinator
- Third-party reports from faculty, concerned friends, RAs, etc.
- Online reports
- Anonymous reports
Employee Reporting Requirements

Confidential Resources

• Not required to report disclosures to the Title IX Coordinator
• Legally privileged
• Includes licensed counselors; individuals associated with a religious order/denomination; licensed healthcare providers; victim advocates

*While working within the above capacity

Officials with authority to institute corrective measures

• Required to report instances or disclosures of sexual harassment to the Title IX Coordinator
• Who this applies to will depend on your institution
• Deans? Directors? RAs?

Other employees

• Institutions have discretion re: reporting requirements
• Consider requiring all non-confidential employees to report disclosures or instances of sexual harassment to the Title IX Coordinator
• What about student employees?
Confidential Resources

When an individual discloses any form of sexual harassment to a confidential resource, the resource should discuss the following with the individual:

• Reporting options and rights (with an offer to assist with reporting)
• Campus resources and supportive measures
• The institution’s retaliation policy
• The importance of preserving evidence

*Proposed regs include more prescriptive requirements for Confidential Resources training
Responding to a Report

After receiving a report:

• Title IX Coordinator should reach out to the affected individual quickly
• Offer the affected individual an initial conversation
• Email resources the individual might need/want to take advantage of right away
• Acknowledge that if the individual does not choose to engage right now, that you will always be available going forward
• However, delaying complaints or law enforcement reports can make investigating more difficult
What about anonymous reports?

- If the report names the individual who experienced the misconduct, reach out to that individual ASAP.
- If the report only names the individual who perpetrated the misconduct, consider next steps (meeting? Available evidence?)
- If possible, consider reaching out to the reporter for additional information.
- Consider potential patterns (i.e., multiple reports from the same location? About the same person?)
- Duty to attempt remedies.
Initial Conversation with a Reporting Party

Process Options:
- Law enforcement report
- Grievance Process
  - Informal Process
- Taking time to decide what to do next, if anything
- Potential for TIXC Formal Complaint
- Preservation of evidence
- Other options permitted by your policy, if not Title IX?

Supportive Measures:
- Cannot be punitive
- No-contact directives
- Accommodations for housing, classes, etc.
- Confidential resources
- Community resources
- Campus security escorts
- Etc.

*Explain that access to these resources is not contingent upon moving forward with a formal complaint

Next steps for TIXC:
- Does the reported incident fall within the scope of your policy? If so, which process would apply?
- Notify others at the institution who need to know?
- Timely warning?
- Emergency removal?
- TIXC Formal Complaint if reporting party declines Grievance Process?
Reporting Party decision re: Formal Complaint

- Formal Complaint signed
  - Informal Process
  - Formal Investigation (including hearing and appeal)

- No Formal Complaint
  - Supportive measures only*
  - Title IX Coordinator may sign Formal Complaint

*Reporting party may initiate Formal Complaint in the future.
Starting the Grievance Process

**Formal Complaint initiated by Reporting Party**

- Can initiate at any time
- Requests an investigation
- Must be signed and in writing, but can be on paper or electronic (i.e., via email)

**Formal Complaint initiated by TIXC**

Consider:

- Egregiousness of allegations?
- Use of weapon?
- Risk? Threat?
- Availability of evidence?
- Discuss with Deputies or Title IX Team
- If proceeding, notify reporting party
Dismissal

Mandatory Dismissal
TIXC **required** to dismiss a formal complaint if:

• at the time of the complaint, the reporting party is not participating/attempting to participate in the institution’s program/activity

• the alleged conduct, even if proved, would not meet the sexual harassment definition

• the alleged conduct did not occur in the institution’s program or activity

• the alleged conduct happened outside the U.S.

Permissive Dismissal
TIXC **may** dismiss a formal complaint prior to a final decision if:

• Reporting party withdraws from the process (needs to be in writing)

• Responding party is no longer a student/employee at the institution

• Circumstances prevent the institution from collecting sufficient evidence
If dismissing for any reason...

- Must notify the parties in writing and include rationale for dismissal
- Appeals of dismissals are permitted
- Consider initiating a different disciplinary process under a separate policy (Code of Conduct? Was the allegation a VAWA offense?)
Rights of the Parties

- Notice of policies, meetings, investigation, outcome, etc.
- Supportive measures (cannot penalize responding party in any way unless and until they are found responsible)
- Impartial Title IX personnel
- Ability to discuss allegations
- Advisor of choice
- Opportunity to identify witnesses and provide evidence
- Ability to review evidence and investigation report
- Ability to appeal
What does “prompt” mean?

- Regs require reasonably prompt timeframes
- Temporary delays for “good cause” are ok, as long as they’re accompanied with written notice of the delay to the parties
- Incorporate grievance process timeframes into your policy, but build in opportunity for discretion (case complexity, law enforcement investigation, breaks, etc.)
- Consider incorporating weekly updates to the parties
Emergency removal & administrative leave

Institution may remove a student responding party IF:

- Institution goes through an individualized safety/risk assessment
- Institution decides that an immediate threat to the physical health or safety arising from the allegations exists
- Institution provides the responding party an opportunity to challenge the removal decision

Institution may place non-student employees on leave:

- While a Grievance Process is pending
Notice of Allegations

- Notice of grievance process and the informal process
- Information about the allegations known at the time (names, conduct constituting sexual harassment, date and location of incident)
- Responding party presumed not responsible, and that the determination of responsibility occurs at conclusion of the process
- Rights of parties to an advisor, to review evidence, etc.
- Any code of conduct provision prohibiting knowingly making false statements/submitting false information
- Provide with sufficient time for parties to prepare a response
- *If additional allegations arise during the process, provide an amended or additional notice to both parties*
Consolidation of Complaints

“An institution may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.”
Cross-Complaints

How does your institution handle situations where both parties have complaints against the other?
Informal Process

Requirements

• Must be voluntary; parties must provide written consent to participate
• Formal complaint required
• Allowed at any time prior to final decision being made
• Title IX Coordinator has discretion
• Unavailable when responding party is an employee and reporting party is a student

Various approaches

• Alternative resolution (i.e., restorative justice, dialogue facilitation, etc.)
• Shuttle diplomacy or negotiation
• Responding party does not need to accept responsibility to access informal process, but that can be written into your policy if desired
Informal Process Considerations

- Does completing an informal process mean that the reporting party can no longer resume/initiate the investigation process?
- What records will be maintained, and with whom could they be shared?
- What outcome is necessary to stop, prevent, and address effects of the harassment?
- What types of allegations are more/less appropriate for informal resolution?
- Consider the parties and whether this type of resolution could truly be successful.
- What if the allegation is especially egregious – is informal resolution still an option?
Pros and Cons

Pros

- Quick
- Low/No confrontation
- Parties in control
- Parties feel heard
- Focus on resolution; not conflict
- Less resources and risk

Cons

- Coercive?
- Doesn’t hold perpetrators accountable?
- Lack of due process?
- Puts community at risk?
- Party changes mind?
Informal Process

- Party Withdraws
- Institution Declares Impasse
- Agreement Reached
- Notify parties of status and next steps (investigation or dismissal)
- Document in written agreement
Potential Terms of Resolution

- Suspension
- No contact order
- Nondisparagement
- Change in classes (now and future)
- Change in residence hall (now and future)
- Withdrawal from athletics team or co-curricular activities

- Reimburse expenses
- Boundary counseling and other mental health or addictions services
- No further action or investigation
- No admission of responsibility
- Agreement not to sue
- Impact of not following terms
Impact of Proposed Regs on Informal Resolution

• Clarification of student/employee status
• More flexibility regarding Facilitator training
• Formal Complaint requirement gone – can access the Informal process more easily
Discussion

Examples of **successful** informal resolution processes?

Examples of **unsuccessful** informal resolution processes?

- What went wrong?
- Lessons learned?
The Investigation

Who should investigate? How do you decide?

Investigator determines investigation strategy (in coordination with TIXC)

Witness and party interviews

Evidence collection
Directly Related Evidence Review

Must:

• Provide review of evidence “directly related” to the allegations for parties and their advisors
• Include inculpatory and exculpatory evidence
• Include evidence upon which the institution does not intend to rely upon in making a decision

Next steps:

• Allow at least 10 days for review and submission of a response
• Provide copies of evidence directly to parties/advisors in electronic or hard copy format
• Evidence must be made available for review at the hearing
• If responses are submitted, investigator considers them prior to completing the Investigation Report
• Additional evidence collection needed? Other action?
• What if evidence is submitted during or after the review period?
What about...

- Evidence related to sexual history?
- Privileged information?
  - Cannot require or allow this unless privilege has been waived by the party
- Treatment/health records?
  - Only permissible if party provides voluntary, written consent to include
- Redactions?
- Ensuring parties/advisors don’t share the evidence with others?
- Can/should parties see each other’s responses to the evidence?
- Close of evidence?
Reporting Party’s sexual behavior

- Information about a reporting party’s sexual behavior or predisposition is not permitted in the Investigation Report or during the hearing unless:

  The information is being used to prove someone other than the responding party committed the misconduct

  OR

  The information relates to prior sexual behavior between the reporting and responding parties and is submitted in an effort to prove consent
Investigation Report and Review

• Summary of relevant evidence written by the Investigator
• Must be made available for parties and advisors to review (in hard copy or electronic format) 10 days prior to hearing
• Written responses to the report are permitted and provided to the hearing panel
• Consider having the investigator share the report with the TIXC prior to sharing with the parties/advisors to ensure adherence to the institution’s policies and procedures
The Hearing

• Needs to be live but can be virtual (must include video)
• Provides opportunity for parties’ advisors to ask questions of the other party and witnesses
• Institutions must provide an advisor to parties who do not have an advisor during the hearing specifically for the questioning portion
• Can have a single decision-maker or multiple, but someone must make relevancy determinations during the hearing
• TIXC or another individual may be present to enforce hearing decorum and process
• Must be recorded
Who attends the hearing?

• Decision-maker(s) / Hearing Panel members
• The parties and their advisors
• Witnesses who the parties or the decision-makers have identified as needing to be present for questioning
• Title IX Coordinator may attend (to help with logistics, decorum issues, hearing process, etc.)
• General counsel may attend (or be on standby for questions)
• Investigator may attend
Hearing technology

- This will vary depending on the institution.
- Decision-makers need to be trained in how to use their institution’s hearing technology.
- Remember that hearings need to be recorded.
- Pros and cons of various hearing tech setups? What has worked well, and what hasn’t?
Hearing Preparation

• Hearing format and structure (breaks, length, etc.)? Determine in coordination with TIXC
• Review the Investigation Report and evidence
• What questions do you plan to ask parties/witnesses during the hearing?
• Which witnesses do you want present, if any, during the hearing?
• Which witnesses do the parties want present, if any, during the hearing?
• Who will be the one to make relevance determinations?
• Does either party need a school-appointed advisor?
• Consider conducting pre-hearing meetings with each party and their advisor
Pre-hearing meetings

• Not required, but could be good practice to meet with each party and their advisor in advance of the hearing to discuss:
  • The hearing process and what to expect
  • Expectations regarding decorum, Advisors’ participation, how any technology will be used during the hearing
  • Review the cross-examination phase of the hearing
  • Whether the parties want any witnesses present at the hearing

• Can be facilitated by the Chair, Decision-maker, or the TIXC
Role of the Hearing Panel Chair (or sole Decision-Maker)

- May facilitate the hearing, with assistance from TIXC.
- Make relevancy determinations for all questions asked during the hearing.
- Make determinations about appropriateness of questions or information provided (cannot be irrelevant, abusive, or overly repetitive).
- Ensure advisors stay in line with hearing decorum guidelines.
Relevancy Determinations

Does the information help me in deciding if there was a policy violation?

Does it “move the dial” in proving or disproving the allegations?

Off limits:

• Medical or treatment records without voluntary, written consent
• Reporting party’s prior sexual history (with two exceptions)
• Legally privileged information unless party waives privilege

• Know where the line is regarding evidence or questioning intended only to harass or embarrass another party
• What about Responding Party’s prior or subsequent misconduct?
• What about evidence or questioning that is duplicative or repetitive?
Difficult situations

- What if a party doesn’t show up to the hearing?
- What if a party refuses to answer a question?
- What if an advisor starts violating one of your hearing guidelines?
- Other difficult situations you’ve encountered? How did you handle them?
Making a Determination

Standard of Evidence

Preponderance of the evidence ("more likely than not" / 50.1% likely) OR the clear and convincing standard

Process

Hearing panel members need to meet after the hearing to deliberate.

Determine which policy definitions apply to the allegations.

Decision-Makers

• What are the undisputed facts and what are the disputed facts?
• What does the evidence show regarding the disputed facts? Which evidence is most credible? Why?
• Using the appropriate standard of evidence, did a policy violation occur? Analyze each element of a policy definition under the evidence standard.
• What is the rationale for your decision?
Standards of Evidence

- **Preponderance of the evidence:** “more likely than not” that the policy was violated (50.1% and above).

- **Clear and convincing standard:** highly and substantially more likely to be true than untrue.
Sanctions

- Need to stop, prevent, and remedy!
- Consider educational and developmental sanctions
- Engage in a risk assessment to help determine appropriate sanctions
- Sanctions should reflect the severity of the behavior (consider prior misconduct)
- Consider any loss/injuries to the Reporting Party or the institution and how to rectify those, if possible
- Can consider past cases of similar misconduct with assistance from Title IX Coordinator
