

## Thank You Note – After an Information Interview

February 19, 2010

Dear Mr. Dahl,

Thank you for meeting with me on Tuesday to help me learn more about a career in public affairs. I appreciated your willingness to share information about your education and work experiences.

The introductions to Mr. Hartman and Ms. Rauch were very much appreciated. I have contacted them and both have agreed to meet with me within the next two weeks to discuss their career paths as well as possible summer internships. I will update you after meeting with them.

Thank you again for your kindness and taking time out of your busy schedule to meet with me. Your help and offer of continuing support are greatly appreciated.

Best regards,

*John Johnson*
