

Financing & Billing for Embedded Study Abroad

Your CSB+SJU financial package remains intact for embedded study abroad programs. Your scholarships and grants will apply towards the costs for the semester, as it does during a regular semester. CGE will notify the Financial Aid Office of your participation in the program and an adjustment will be made to your budget to reflect additional expenses you will incur.

You should apply for financial aid through the normal process, using the Free Application for Federal Student Aid (FAFSA). While grants and scholarships do not increase based on the cost of course/program fee, you also may be eligible for non-federal private loan options, which require a co-signer.

You are encouraged to meet with the Financial Aid Office to discuss available options for funding an embedded study abroad program.

BILLING FOR EMBEDDED STUDY ABROAD

The course/program fee for the fall embedded course is charged with the July billing for the Fall semester and spring-embedded course is charged with the December billing for the Spring semester. There are no additional tuition costs associated with these programs, unless you will need to pay for an overload for over 18 credits. If you would like to set up a payment plan to pay the fees, you must contact Student Accounts.

Financing & Billing for Summer Study Abroad

Financial aid for Summer study abroad programs is typically limited to student and parent loans. Your eligibility and choice of loans depend primarily on how many credits you will be taking while abroad. For programs less than 6 credits, you are limited to non-federal private loan options, which require a co-signer.

If you are taking 6 or more credits during the summer, you may be eligible to borrow through the Federal Direct Loan or your parents may be eligible to borrow through the Federal Direct PLUS Loan. However, students should be aware of how utilizing these funds may impact the amount of aid available for the following academic year. You also may be eligible for non-federal private loan options, which requires a co-signer.

You are encouraged to meet with the Financial Aid Office to discuss available options for funding a summer study abroad program.

BILLING FOR SUMMER STUDY ABROAD
The summer study abroad tuition costs and program fee are charged with the May Billing. If you would like to set up a payment plan to pay the fees, you must contact Student Accounts.
