Errata

Text

Section 1.0	-	Corrected reference to University property from 27,000 acres to 2,400 acres.
Section 2.1	-	Added text referencing Maps 1A and 1B.
Section 2.4	-	Added text referencing Map 1B.
Section 3.2	-	Noted that the Athletic Field drains to East Gemini Lake via an underground system.
Section 5.1	-	Added the text: "As a goal, the University may wish to evaluate and control storm water runoff into any lake when a change in land use occurs. Also as a goal, the University may wish to evaluate the existing potential to treat storm water runoff prior to entering receiving waters."
Section 7.2	-	Moved placement of cost estimate for recommendation number seven to better relate service and cost.

Maps

Maps 1a, 1b	- - -	Subwatershed 7 flow arrow changed to show flow into subwatershed 4. Altered major watershed boundary to capture Achman Lake. Added off-study area drainage boundaries on east and north property lines. Added names to lakes in subwatershed one, six and seven.
Tables		
Table 3	-	Identified names for basins in subwatershed 6 and 7.
Appendix D		

Figures 3, 4 - Added foot note to clarify off-campus loading sources.
